## **CITIZENS ADVISORY COMMITTEE APPLICATION**

RECRUITMENT OPEN UNTIL NOVEMBER 30, 2009

Community leaders and interested citizens from across the Washington region are invited to apply for membership on the 2010 Citizens Advisory Committee (CAC) to the National Capital Region Transportation Planning Board (TPB).

### **What is the CAC?**

The CAC is a group of 15 people who represent diverse viewpoints on regional transportation issues, including long-term planning concerns, and short-term policies and programs. The TPB itself is the body that coordinates transportation planning for the entire metropolitan Washington region. The TPB includes elected local officials, representatives from transportation agencies and other key officials. Staff for the TPB is provided by the Metropolitan Washington Council of Governments (COG).

The mission of the TPB Citizens Advisory Committee is:

- 1) to ***promote public involvement*** in transportation planning for the region and
- 2) to ***provide independent, region-oriented citizen advice*** to the TPB on transportation plans and issues.

The 15 members of the CAC are either elected or appointed. Every fall, six members are elected by the current CAC to serve in the coming year. The other nine members are appointed by the TPB each January. The membership is evenly divided between the District of Columbia, Suburban Maryland and Northern Virginia. According to TPB procedures, the CAC membership should represent environmental, business and civic interests in transportation, including appropriate representation from low-income, minority and disabled groups and from the geographical area served by the TPB.

The CAC meets every month on the Thursday evening that is six days prior to the monthly TPB meeting (the TPB always meets on the 3<sup>rd</sup> Wednesday of the month). The CAC meetings are from 6:00 p.m. to 8:00 p.m. at the Metropolitan Washington Council of Governments, 777 N. Capitol St, NE, Washington, DC 20002.

### **Recent Committee Activities**

The CAC acts in an advisory role to the TPB and offers comments to the board reflecting the committee's diverse viewpoints. Over the years, the CAC has focused on key regional transportation issues, such as the transportation funding shortfall, environmental concerns and emergency preparedness issues.

In recent years, the CAC has encouraged regional decision-makers to improve the coordination between land-use and transportation planning. The committee has been an integral player in moving scenario studies forward and in ensuring a robust region-wide debate on the challenges and policy options facing local and state governments. In 2009, the CAC proposed the TPB launch the development of a more effective regional transportation planning process using the scenarios

The committee has also consistently called for enhancements in the TPB's public participation activities. The CAC has urged the TPB to develop more user-friendly public information and publications on transportation planning issues. In recent years, the committee has provided feedback to the TPB on efforts that seek to educate citizens and solicit public input on regional transportation and land-use challenges.

**Applicants:**

- Should be able to attend monthly meetings at the Council of Governments.
- Should be willing to serve for a 1-year term.
- Should complete the attached application form. Completed applications will be considered by the members of the CAC when they select six individuals to serve on next year's CAC and by the TPB chair and vice chairs when they nominate nine additional individuals to serve on the CAC.
