WORK SESSION AGENDA

- 10:30 A.M.** **1. WELCOME**
Christina Henderson, TPB Chair
Kanti Srikanth, TPB Staff Director
- 10:40 A.M.** **2. DRAFT TECHNICAL INPUTS FOR THE AIR QUALITY CONFORMITY ANALYSIS OF VISUALIZE 2050 AND FY 2026-2029 TRANSPORTATION IMPROVEMENT PROGRAM**
Cristina Finch, TPB Transportation Planner
- The TPB's National Capital Region Transportation Plan, Visualize 2050, and FY 2026-2029 Transportation Improvement Program are under development. They are scheduled to be reviewed and approved by federal agencies following the TPB's schedule which was set for board approval in June 2025. Given the federal status of the TPB's planning area (designated as "non-attainment" of the federal 2015 Ozone Standard), the projects proposed to be included in the Visualize 2050 financial plan and TIP must undergo a regional air quality conformity determination analysis. The current milestone in this process is to approve the technical inputs for inclusion in the Visualize 2050 Air Quality Conformity (AQC) process, and to approve the AQC Analysis Scope of Work. The 30-day public comment on the inputs and scope will end on March 30, 2024. Staff will review the inputs and scope, which the TPB will be asked to approve in May.
