Traffic Signals Subcommittee

Agenda of the February 5, 2015 Meeting

Page 2 of 2

4. 11:00 AM **Traffic Signals Power Back-up Discussion**
Marco Trigueros, COG/TPB Staff

The group will have a chance to review the findings of the annual power back-up survey to include discussion on evacuation route traffic control points and the availability of generators. Additionally, the group will receive an update on the UASI grant process and relevant discussions from RESF-1 regarding the development of a regional strategic plan for traffic signal power backup investment.

5. 11:15 AM **Presentation on Traffic Light Assist**
Kiel Ova, Traffic Technology Services

Traffic Technology Services is working on a pilot project in the Washington Region with Audi and BMW. They will be providing traffic signal information data to the automotive industry, courier delivery services, and third party logistics providers from agencies throughout the country with the goal of providing personal signal assistant to drivers and performance metrics to transportation agencies. Mr. Ova will present on what is needed for this project as well as the benefits for traffic signal agencies.

6. 11:40 AM **Jurisdictional Roundtable**
All

Participants are invited to provide a brief summary of their jurisdictional activities of regional interest and any insight from the recent Transportation Research Board Annual Meeting.

7. 11:55 AM **Other Business**
8. 12:00 PM **Adjourn**

Lunch will be available at 11:45.
