

ITEM 7 - Action

March 17, 2010

Approval of an
Amendment to the FY 2010-2015 TIP to Include Construction
Funding for the I-70 Phase 2D Project in Frederick County as
Requested by the Maryland Department of Transportation
(MDOT)

Staff

Recommendation:

Adopt Resolution R16-2010 to amend the FY 2010-2015 TIP to include construction funding for the I-70 Phase 2D project in Frederick County, as described in the enclosed materials.

Background:

At the February 17 TPB meeting, notice was provided that MDOT requested an amendment to the FY 2010-2015 TIP to include construction funding for the I-70 Phase 2D project in Frederick County, as described in the enclosed materials.

Dear Chairman Snyder:

The Maryland Department of Transportation (MDOT) requests an amendment to the 2010-2015 Transportation Improvement Program (TIP) to add construction funding back into the I-70 Phase 2D project. This project has been in both the Constrained Long Range Plan and the TIP for the past few years and has been included in the supporting regional air quality conformity analyses. As such the amendment will not impact the current air quality conformity determination. In the 2009 TIP, MDOT removed the construction funding and we are now prepared to restore the full funding needed to complete the project at \$48.98 million. Please refer to the Maryland State Highway Administration's February 16, 2010 memo describing the amendment in detail.

The MDOT requests that this be added to the Transportation Planning Board's (TPB) February 17, 2010 agenda as a Notice Item and on the March 17, 2010 agenda as an Action Item.

We appreciate your cooperation in this matter. If you have any questions or concerns, please do not hesitate to contact Ms. Lyn Erickson at 410-865-1279, toll-free at 888-713-1414 or via email at lerickson@mdot.state.md.us. Of course, please feel free to contact me directly.

SUBJECT: FY 2010-2015 Washington Region TIP Amendment

Attached is a proposed amendment to the 2010-2015 Washington Region Transportation Improvement Program (TIP). The purpose of this amendment is to add the construction phase to the I-70 Phase 2D project.

Due to the national economic downturn, construction funding was removed from the FY10 TIP. However, we have now identified funding to move this project into the construction phase. Interstate 70 Phase 2D includes the replacement of the bridge over Reich's Ford Road; reconstruction of the ramps to Monocacy and Reich's Ford Road, including extension of the acceleration and deceleration lanes; and construction of a third lane in each direction from MD 85 to MD 144.

After you review, please process the attached amendments with the National Capital Region Transportation Planning Board for inclusion to the 2010-2015 Washington Regions TIP. If you have any question, please contact me or Reena Mathews at 410-545-5668.
