

Prince George's County Organics Composting Facility

Site Update 2016/2017

Site “Overview”

SG MOBILE™ SYSTEM
WESTERN BRANCH FACILITY

Prepped for New Expansion

Looking long term

- Prince George's County is looking into long term contracts with food organics haulers
- This would guarantee customer space at the facility
- This would be a 2 to 3 year contract
- Future expansion based on needs of the County and surrounding region

Education is the Key

Visitors: Compost is “Cool!”

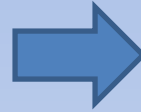

Closing the Loop

Farm fresh food

UMD

Organic waste

Terp Farm

PGCOCF

Future Plans:

- Considering another expansion by October 1, 2017
- In county customers will continue to have priority for food organics
- Looking at out-of-county sources, especially based on long term contract agreements

Sustainability: Making Prince George's Gorgeous

Thank you!
