RE: National Capital Region FY 2017-2022 Transportation Improvement Program Amendments for I-395 Express Lanes Early Works

Dear Ms. Newton:

The Virginia Department of Transportation (VDOT) requests amendments to the FY 2017-2022 Transportation Improvement Program (TIP) to add funding to the following projects:

VDOT UPC #	Project	Phase	New Funding	Comments
110604	I-395 Express Lanes (P3) Early Works -AR	PE	\$5,500,000	AC reimbursed by private sector
110605	I-395 Express Lanes Early Works - Federal	PE	\$2,000,000	AC reimbursed from Federal funds

The \$7.1 million in new funding will support early Preliminary Engineering work for the I-395 Express Lanes Extension project, which is included in the TPB's approved 2016 CLRP and Air Quality Conformity Analysis. Both projects will utilize Advance Construction (AC) funding.

The funding amounts and sources reflect recent updates to total costs and planned obligations included in the Six Year Improvement Program as adopted by the Virginia Commonwealth Transportation Board. The amendments, shown in more detail in the attached TIP tables, do not impact the fiscal constraint status of the TIP. VDOT requests that these amendments be placed on the agenda of the Transportation Planning Board's Steering Committee at its meeting on March 3<sup>rd</sup>, 2017. VDOT's representative will attend the meeting and will be available to answer any questions about the amendments.

Thank you for your consideration of this request.

Sincerely,

Nel Luent

RE: National Capital Region FY 2017-2022 Transportation Improvement Program Amendments for VDOT Project Groupings

Dear Ms. Newton:

The Virginia Department of Transportation (VDOT) requests amendments to the FY 2017-2022 Transportation Improvement Program (TIP) to add funding to the following Project Groupings:

VDOT UPC #	Project	Phase	New Funding	Comments
6441	Construction: Federal Lands Highway	PE, CN	\$921,000 \$1,869,996	Add UPC's 106489 &106494
5525	Maintenance: Preventive Maintenance for Bridges	CN	\$1,274,000	Release \$5,000,000 STP FY 17
5524	Maintenance: Preventive Maintenance and System Preservation		\$0	Release \$3,904,733 STP FY 17
5526	Maintenance: Traffic Safety Operations	CN	\$16,434,204	1

The approximately \$20.5 million in new funds reflect recent updates to total costs and planned obligations approved by Virginia's Commonwealth Transportation Board and do not impact the fiscal constraint status of the TIP. The amendments, which also include adjustments to funds in years prior to 2017 and releases of funds, are shown in more detail in the attached TIP tables.

The projects including in these Groupings have been determined to have no significant air quality impacts and are exempt from Air Quality Conformity Analysis. Consistent with FHWA regulations, funding from the Project Groupings will be allocated district-wide as eligible projects are identified.

VDOT requests that these amendments be placed on the agenda of the Transportation Planning Board's Steering Committee at its meeting on March 3<sup>rd</sup>, 2017. VDOT's representative will attend the meeting and will be available to answer any questions about the amendments.

Thank you for your consideration of this request.

Sincerely,
