

ITEM 13- Notice

April 16, 2014

Notice of a Proposed Amendment to the FY 2013-2018 Transportation Improvement Program (TIP) that is Exempt from the Air Quality Conformity Requirement to Include Project and Funding Updates for the Northern Virginia Section of the FY 2013-2018 TIP

Notice is provided that the Virginia Department of Transportation (VDOT) has requested an amendment to update projects and funding in the Northern Virginia section of the FY 2013-2018 TIP. The Board will be asked to approve this amendment at the May 21 meeting.

COMMONWEALTH of VIRGINIA

DEPARTMENT OF TRANSPORTATION

4975 Alliance Drive
Fairfax, VA 22030

CHARLES A. KILPATRICK, P.E.
COMMISSIONER

April 9, 2014

The Honorable Patrick Wojahn, Chairman
National Capital Region Transportation Planning Board
Metropolitan Washington Council of Governments
777 North Capitol Street, N.E., Suite 300
Washington, DC 20002-4201

RE: Update Of the National Capital Region FY 2013-2018 Transportation Improvement Program

Dear Chairman Wojahn:

The Virginia Department of Transportation (VDOT) requests the Capital Region Transportation Planning Board (TPB) to initiate an update to the FY 2013-2018 Transportation Improvement Program (TIP). The purpose of the update is to reflect the latest planned funding obligations for the various highway and transit projects that will be included in Virginia's FY 2015-2018 State Transportation Improvement Program (STIP). These projects are already included in the Constrained Long Range Plan (CLRP). This update to the TIP is comprehensive, affects both highway and transit projects and is being requested by VDOT, the Virginia Department of Rail and Public Transportation (DRPT), the Virginia Railway Express (VRE) and the Potomac and Rappahannock Transportation Commission (PRTC).

VDOT and DRPT are currently in the process of updating and adopting their FY 2015-2018 STIP. A prerequisite to adopting the STIP is having the Transportation Planning Board's TIP reflect the planned federal funding obligations listed in the proposed STIP. Additionally, the VRE and PRTC plan to seek authorization of federal funds for a few of their projects and are subject to a similar prerequisite of having the funding amounts reflected in the TPB's TIP. Given the substantive nature of the TIP update, VDOT requests the TPB to release the proposed update for a 30 day public comment period at the April 10, 2014 Citizens Advisory Committee meeting and to take action on the update at the Board's May 21, 2014 meeting.

The proposed funds are included in recent allocations by the Commonwealth Transportation Board as part of Virginia's FY 2014-2019 Six Year Improvement Program. While the proposed funds are new to the TIP, they are part of the total federal and state funding estimates included in the financial plan for the 2010 CLRP update. The proposed TIP amendment will not impact the currently approved regional air quality conformity analysis of the 2013 CLRP since the projects that are regionally significant for air quality conformity have already been included in the approved air quality conformity analysis for the CLRP.

The following documents are provided as attachments and are to be released for public comment on April 10, 2014.

1. **Northern Virginia MPO Report.** These tables provide detailed funding information about individual VDOT highway and transit projects included in the TIP update.

2. **NoVA MPO Table C Report, Northern Virginia MPO Federal Funding Categories and Fiscal Constraint By Year.** This table summarizes the total funding amounts and projected obligation authority, by year and funding source. The table demonstrates that the TIP will remain financially constrained after the update.
3. **Transit Agency TIP Report.** This report summarizes changes to transit projects as proposed by the Virginia Department of Rail and Public Transportation (DRPT), the Virginia Railway Express (VRE) and the Potomac and Rappahannock Transportation Commission (PRTC).
4. **Appendix A, Northern Virginia MPO Projects by Grouping.** This table lists the various individual projects included within the “grouped project” section of the main TIP document.

VDOT requests that this TIP update be considered and acted upon by the Transportation Planning Board at the Board’s meeting on May 21, 2014. VDOT’s representatives will attend the meeting and be available to answer any questions about the amendment.

Thank you for your consideration of this request.

Sincerely,

Helen Cuervo, P.E.
District Administrator
Northern Virginia District
