

MEMORANDUM

TO: TPB Long-Range Plan Task Force
FROM: Kanti Srikanth, TPB Staff Director
SUBJECT: Combined Overall Comparison Tables
DATE: November 20, 2017

TPB staff and the ICF Team have prepared the accompanying combined table to help you in your review and consideration of the staff analysis of the 10 initiatives presented to the Long-Range Plan Task Force at its November 15, 2017 meeting. This table combines the following summary tables contained in the November 15 presentation made to the Task Force: (1) Quantitative Measures of Effectiveness, (2) Challenges, and (3) Other Factors.

As part of the ICF Team and TPB staff ongoing review of the draft analysis provided to you last week, we have made minor technical corrections to two of the quantitative results of the Measures of Effectiveness with respect to the Initiatives, as well as a minor formatting change. These changes are not substantive and reflect only minor corrections resulting primarily from rounding and formatting conventions. These changes are as follows:

Measures of Effectiveness	Initiative					
	I2 Operational Improvements & Hotspot Relief		I8 Optimize Land-Use Balance		I9 Transit Fare Policy Changes	
	Nov. 15 Task Force Presentation	Nov. 20 Correction	Nov. 15 Task Force Presentation	Nov. 20 Correction	Nov. 15 Task Force Presentation	Nov. 20 Correction
Daily Vehicle Hours of Delay			-19%	-18%	-3%	-2%
Travel on Reliable Modes*	-5%	-5%				

*Formatting change only: unshaded to orange shading

All other information presented in the combined table is unchanged from the November 15, 2017 presentation to the task force.

If you have any questions or require additional information, please contact me at (202) 962-3257, ksrikanth@mwcog.org.
