March 23, 2017

The Honorable Bridget Donnell Newton, Chair  
National Capital Region Transportation Planning Board  
Metropolitan Washington Council of Governments  
777 North Capitol Street, N.E., Suite 300  
Washington, DC 20002-4201

RE: Approval of an Amendment to the FY2017-2022 TIP to update project information for FY2017 in order to reflect the re-obligation of Federal funds that will be de-obligated from prior year grants

Dear Chairman Newton:

The region's six-year Transportation Improvement Program (TIP) outlines the schedule for obligating federal funds to state and local projects. The purpose of this amendment is to modify project budgets and sources of funds in the TIP for FY2017. WMATA and the Federal Transit Administration (FTA) are in the process of de-obligating a total of \$204.1 million of funds from grants awarded in prior years. This amount will be re-obligated in a new grant in FY2017.

Attachment A is a summary of the proposed FY2017 project budgets and funding-source information for this TIP amendment. Attachment B shows the FY2017 project budgets that are part of the currently adopted TIP as well as the proposed changes to each budget. The TIP's overall FY2017 capital program for WMATA would be increased from \$898.0 million to \$1,102.1 million. This action repurposes existing FTA grants funds to existing safety-focused maintenance expenses and is not an increase to WMATA's total budget. WMATA's Board of Directors adopted a resolution on March 23, 2017 authorizing the General Manager/Chief Executive Officer to make these budget and grant adjustments.

This adjustment impacts several TIP categories, and all projects have been adjusted to reflect this action. These TIP projects do not affect the currently approved air quality conformity analysis because these projects are either exempt or not regionally significant in terms of air quality. WMATA's submission for this FY2017-2022 TIP amendment is structured into nine major categories, with 13 individual capital programs, as shown in Attachment A.

In addition to the requirement of consistency with an approved TIP, the FTA requires that agency grant applications match the corresponding State Transportation Improvement Program (STIP) for that agency. WMATA's TIP is considered part of the District of Columbia's STIP. If approved by the Transportation Planning Board (TPB), WMATA will request that this amendment be reflected in the District of Columbia's STIP as soon as possible, to enable the FTA review.

WMATA requests that TPB approve this amendment at its March 29, 2017 meeting. Thank you for your consideration of this request and for TPB's support of WMATA.

Sincerely,
