A G E N D A

1.   **Welcome**

2.   **Traffic Signal Problem Reporting System:** Phil Tarnoff will present a first
      look at a prototype Web Site.

3.   **Pilot Arterial Corridor Studies:** The status of the US50 and New
      Hampshire Avenue corridor efforts will be discussed.

4.   **District of Columbia Integrated Transportation Management System
      (ITMS):** Kamal Hamud will give a briefing on the District s ITMS. The
      kickoff of the design and construction of ITMS took place on July 6, 2001.

5.   **White Paper:** Our new consultant, Patricia Harrison, will be beginning work
      on the now-restarted development of a white paper on traffic signals and
      operations activities in the region. The group will be introduced to Ms.
      Harrison and will discuss the forthcoming development of the paper.

6.   **Update on Signal Preemption/Prioritization Study and Installations**

7.   **Update on ITS As a Data Resource Study**

8.   **Training:** Update on training opportunities developed by the Professional Capacity
        Building Working Group.

9.   **Traffic Signals, ITS, Congestion Relief, Throughput, and Related Issues:** The
        committee will discuss questions posed on these issues by Kenneth Todd. Please review
        the document sent with the email announcement prior to the meeting.

10.   **Update on Other M&O/ITS Activities As Necessary**

11.   **Other Business:** Any new or other business as necessary.
