The Honorable Charles Allen, Chairman  
National Capital Region Transportation Planning Board  
Metropolitan Washington Council of Governments  
777 North Capitol Street N.E., Suite 300  
Washington, DC 20002-4290

Dear Chairman Allen,

The District Department of Transportation (DDOT) requests that the FY 2017-2022 Transportation Improvement Program (TIP) be amended to update project funding for two projects and change project name for one project as detailed below:

Project proposed for funding update (Move project funding to different TIP ID):

Condition Assessment (TIP ID # 5323): Remove annual STP funding in the amount of \$681,000 for program years FY 2018-2022

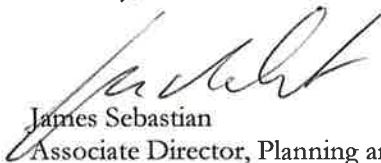

Project proposed for funding increase and name change:

On-Call Subsurface Pavement Investigation, Engineering (TIP ID # 6502) – 1) Add STP funding in the amount of \$681,000 annually for program years FY 2018-2022.; and 2) Change project name from "On-Call Subsurface Pavement Investigation, Engineering" to "Subsurface Investigation & AM Program Support."

The proposed amendment does not add additional capacity for motorized vehicles and does not require conformity analysis or public review and comment. The funding sources have been identified, and the TIP will remain fiscally constrained. Therefore, DDOT requests that the TPB Steering Committee approve this amendment at its June 1, 2018 meeting.

We appreciate your cooperation in this matter. Should you have questions regarding this amendment, please contact Mark Rawlings at (202) 671-2234 or by e-mail at [mark.rawlings@dc.gov](mailto:mark.rawlings@dc.gov). Of course, feel free to contact me directly.

Sincerely,

James Sebastian  
Associate Director, Planning and Sustainability Division (PSD)
