TRI-COUNTY COUNCIL

for SOUTHERN MARYLAND

**(301) 274-1922 • www.tccsmd.org
transportation@tccsmd.org**

Brief History of TCCSMD:

Tri-County Council for Southern Maryland (TCCSMD) was formed on December 6, 1964, as a cooperative planning and development agency to foster the social and economic development of the Southern Maryland Region. In 1965, the Governor of Maryland recognized the TCCSMD as the regional planning and development organization for the Region comprising of Calvert, Charles and St. Mary's Counties. The TCCSMD's statute was established by Act of the Maryland General Assembly in 1966 and there are 5 Tri-County Councils in the state of Maryland.

The Council brings together local, state and federal resources to address issues in economic development; environmental protection; and regional resource management, which includes transportation, workforce, utilities, urban growth and development.

TCCSM's transportation programs are fund by Metropolitan Washington Council of Government's (COG) Commuter Connections program and Maryland Department of Transportation's (MDOT) Maryland Transit Administration (MTA).

RIDESHARE ADMINISTRATION

Welcome to the Commuter Connections TDM Software System Administrative Pages.

By accessing these pages on behalf of your agency or organization, you agree and are being made aware of the following:

The only permitted use of information provided by any persons applying for ridematching through any client site that uses the Commuter Connections TDM Software System shall be for the provision of free ridematching services and that the confidentiality restrictions enumerated in COG's Rules of Procedure with regards to re-distribution or copying of data will be observed.

COG/TPB STAFF | CLIENT MEMBERS (Please Click Here)

A. COG/TPB staff, in administering the Commuter Connections software and database, shall:

1. Provide client members the Commuter Connections TDM Software software for ridematching purposes and provide access to the master database for each client member, except when software or hardware maintenance is necessary.
2. Notify software users in advance of any upcoming hardware or software maintenance.
3. Notify all software users when the server or master database is not accessible or online application on the Commuter Connections website is not functional.
4. Staff the 1-800-745-RIDE and 202-783-POOL lines for a minimum of 7 1/2 hours per day Monday through Friday, excluding COG holidays. An answering machine will be used to answer the telephone after hours and during staff breaks.
5. Maintain the Commuter Connections website ridematching application, process applications received on a daily basis, and provide daily notifications of applications received to clients for their follow up.
6. Forward calls and hard copy applications received from the public to the local client serving the home jurisdiction of the caller.
7. Enter into the ridematching system requests for ridematching received by telephone at the time of the call, and from applications received by mail within 1 business day from receipt. Produce and mail or email match letters for each applicant on the following day following applicant data entry, unless a member requests that no mailing take place.
8. Each month, purge the database on the COG server of applicants whose expiration date has been reached. At least 15 days prior to the purge, a letter will be mailed or emailed to each commuter with an expiration date in the purge month offering to update the commuter's record. A listing of commuters with expiring records will be sent to each client site 30 days prior to the purge, or sooner than requested. Purged applicants will be kept in an archive file at COG for survey and evaluation purposes.
9. COG/TPB staff will retrieve a purged commuter record business days after receipt of a written request to

ADDRESS PROFILE [View Demo](#)

Your address profile is shown below. You may select any of the locations as a starting point and a destination point for your carpool/vanpool.

By default, landmarks and park and ride lots close to your home and work addresses are displayed in the address profile. You may delete old or obsolete addresses by selecting the button in the 'DELETE' column and then clicking the 'Delete Address' button at the bottom of the page.

We also maintain information about landmarks, park and ride lots, and employers in the metropolitan area. To add one of these locations to your address profile, click the 'Add Address' button at the bottom of the page.

Click on to view the corresponding address on a map. Is the system unable to locate an address on the map? Click on 'Use Manual Geocoder' that will display in the address table to manually place an address on the map.

Click on to correct the location manually by pointing the address on the map. [New](#)

Welcome!

Hello JEREMY A MALLOY:

Welcome and thank you for using Commuter Connections to request a ridematch. We were unable to find a suitable carpool/vanpool match for you at this time. Please continue to check back regularly as our database is dynamic and constantly changing. In the meantime, please review the alternative transit and telework options listed below.

The following are the alternative commuting options you might want to explore. You may also use the interactive map available at maps.mwcoq.org to find more options.

SchoolPool

HOW IT WORKS
SchoolPool is a program that connects parents of children who attend the same school who are looking to share driving duties.

- With the contact information provided, simply reach out to the other parents either over the phone or by email.
- Meet up with the parents to see if there's a good fit and then work out a schedule that best suits both families.
- Parents establish schedules on given days of the week that are most ideal.
- The service is free and easy. There are no membership fees, no commitments and participation is voluntary.
- SchoolPool can also help match parents for bicycling and walking groups.
- Your information will remain confidential and you can request removal from our database at any time.

TRUSTED
We understand the safety of your children is of utmost importance to you. For this reason SchoolPool only shares the parents' contact information and never information about your children. Take advantage of SchoolPool to get your children to school in a safe and secure manner.

WHO USES SCHOOLPOOL
Whether you're a single parent who needs some extra help, a mom and dad with jobs outside the home, or a household juggling one car, SchoolPool may be just right for your family's needs! Each family has its own unique circumstance that may make SchoolPool work for their daily routine.

FREE AND EASY TO USE
Get your free "Matchlist" with the names and contact information of other parents, and either email or call them to arrange a shared ride to school.
