

**TPB Technical Committee Meeting Highlights**

**May 7, 2004**

The Technical Committee met on Friday, May 7 at COG. Three items were reviewed for inclusion on the TPB agenda on May 19.

- TPB agenda Item 10

The Committee was briefed on the background and technical approach for the Regional Mobility and Accessibility Study. It reviewed the alternative land use and transportation scenarios being analyzed and the study schedule.

- TPB agenda Item 11

The Committee was briefed on the EPA's new 8-hour ozone rule and non-attainment designations, and on the potential implications for air quality conformity assessments for the Washington region.

- TPB agenda Item 12

Staff briefed the Committee on the current and proposed work activities of the TPB travel demand modeling program which has been reviewed by the Transportation Research Board (TRB) peer review panel.

Four items were presented for information and discussion:

- The Committee was given a status report on work for the air quality conformity assessment for the 2004 CLRP and the FY 2005-2010 Transportation Improvement Program (TIP).
- The preliminary draft project submissions for the FY 2005-2010 TIP document were distributed and reviewed by the Committee.
- Staff reviewed a proposed technical adjustment to the base year and forecast employment for certain jurisdictions to be used in the travel forecasting process.
- The Committee received a presentation on the development of a pedestrian safety rating system for signalized intersections for use in the adequate public facilities ordinance in Rockville.
