For their continued funding support of the Commuter Connections work programs.

Both COG and WABA thank all individuals and organizations which helped make the Washington, DC metropolitan region Bike to Work Day 2024 a success.

BACKGROUND and EXECUTIVE SUMMARY

Bike to Work Day has been held annually in the Washington metropolitan region for over two decades and was originally started by the Washington Area Bicyclist Association (WABA) with a rallying point or “pit stop: in downtown DC. In September 2000, The National Capital Region Transportation Board’s (TPB’s) Commuter Connections program, housed at the Metropolitan Washington Council of Governments, partnered with WABA to form a regional Bike to Work Day Steering Committee to examine the feasibility of adding additional Bike to Work Day pit stops or throughout the region. In 2001, the expanded event created a greater awareness of using cycling to work as a viable commuting alternative. Since the first regional Bike to Work Day in 2001, annual registrations have grown exponentially over the years. In 2020, Bike to Work Day was canceled due to the COVID pandemic, reinstated in 2021, and is gradually looking to rebound to pre-COVID levels. The 2022 Bike to Work Day event had a total of 14,617 registrants, a 1 percent decrease from the 2023 event.

Several bicycles were raffled off and all the registrants who enjoyed free T-shirts, snacks, prize drawings, and engaged with elected officials.

The success of the marketing promotion campaign relied upon targeting of employer and commuter audiences, identification of cost-effective media, crafting key messages, and procuring giveaway items such as t-shirts designed to attract commuters to try bicycling to work.

The Steering Committee’s resources for Bike to Work Day 2024, included:

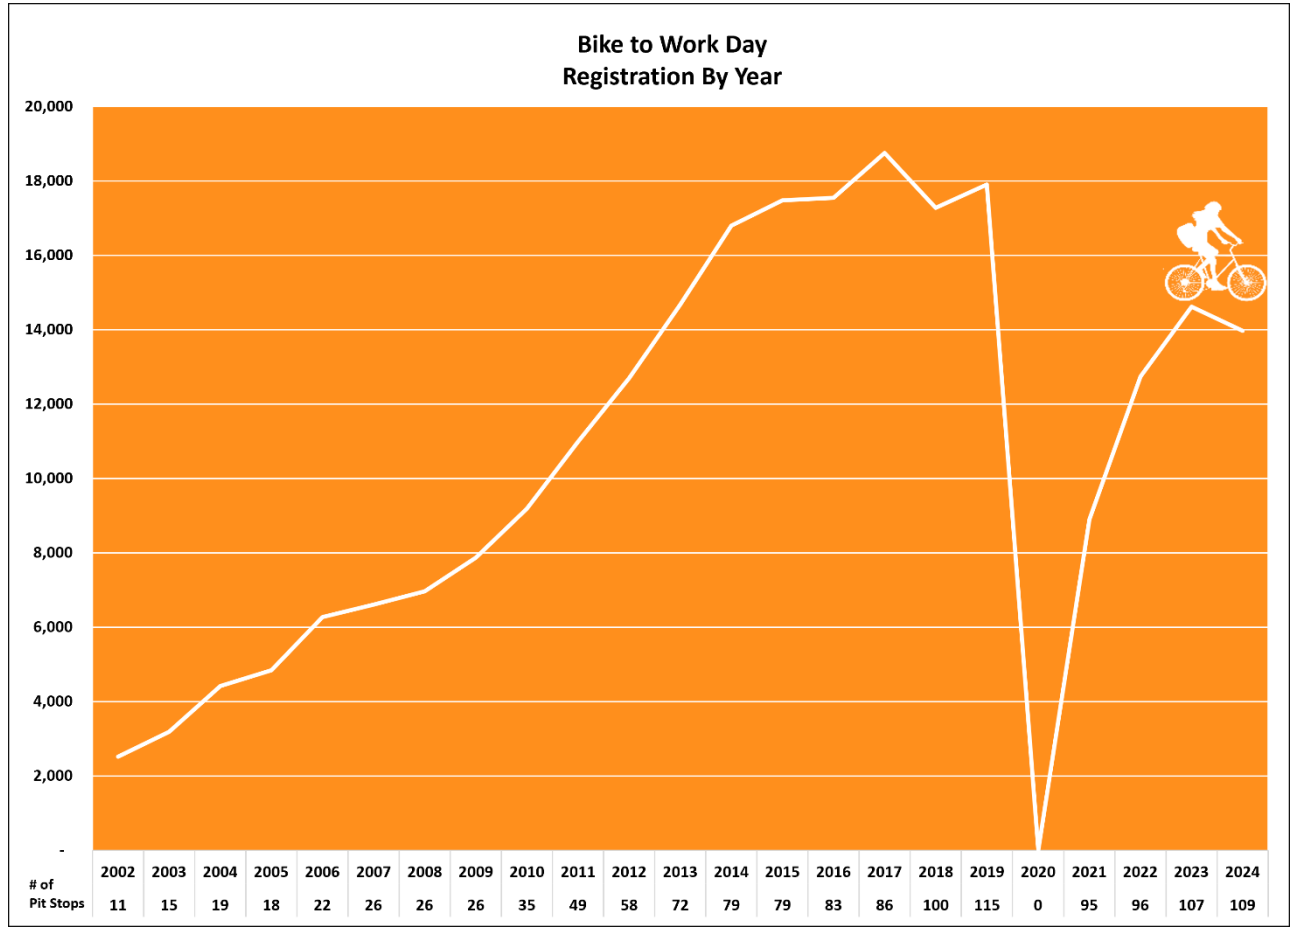

- Web site designed and maintained by Commuter Connections.
- Posters and rack cards developed and printed by Commuter Connections.
- Promoting the event through WABA’s membership.
- A comprehensive campaign produced and placed by Commuter Connections.
- Outreach to employers through a direct mail and email marketing campaign by Commuter Connections.
- An article in the Commuter Connections employer newsletter.
- Local marketing efforts by the various pit stop managers.
- An e-mail to previous year’s participants by Commuter Connections.
- Banners designed and printed by Commuter Connections.
- A public affairs outreach effort through the Metropolitan Washington Council of Governments Office of Communications and WABA.
- The design and distribution of free t-shirts by Commuter Connections.
- Donated bicycles for the regional raffle from Pedego, BicycleSPACE, and Bikes@Vienna.

In addition, 10 confirmed bicycling convoy routes were identified by WABA along with route leaders who assisted novice and experienced cyclists through the routes. Each route traveled to a pit stop where cyclists received free refreshments, t-shirts and other giveaways. Many pit stops had additional activities for bicyclists and are described later in this report.

Since 2000, the COG/TPB's Commuter Connections program has worked to increase awareness of bicycling to work as a viable commute option by joining with the WABA in their efforts to promote and coordinate the region's annual Bike to Work Day event. Commuter Connections created and maintains a regional marketing effort that helped to increase the number of cyclists participating in the yearly event from 1,100 in 2001 to a peak of more than 18,000 in 2017. Although biking to work accounts for a small percentage of the overall regional commute mode split, bicycling helps reduce traffic congestion, improves air quality, and provides a healthy commute alternative for those commuters who choose to use it as a sustainable means of transportation to and from work.

Since 2006, the Bike to Work Day Event has a budget line item for the Commuter Connections Work Program. Commuter Connections is funded by the District of Columbia, Maryland, Virginia, and U.S. Departments of Transportation.

HIGHLIGHTS FROM AREA PIT-STOP

Adams Morgan: The Adams Morgan Partnership BID hosted its annual Bike to Work Day Pit Stop in Unity Park from 7:30 - 9:30 am, with fresh bagels and coffee from Tryst waiting for over 200 registrants upon arrival. The Line Hotel also passed out breakfast bites and water to participants. Joined by neighborhood businesses, the BID raffled items every 15 minutes from Lunar Massage, Venture X, The Line Hotel, Center Pointe and Washington Area Bicyclist Association. To extend the fun, Johnny Pistolas Restaurant hosted their first Bike to Work Day Happy Hour in the evening with complimentary drinks provided by The Rounds. We were joined by CM Brienne Nadeau from Ward 1 who helped choose a few of the raffle winners.

Alexandria Carlyle: The event was held at John Carlyle Square Park from 7am to 9am. There were 469 registrants for the pit stop

Alexandria: Staff from the City of Alexandria's Office of Mobility Services greeted more than 200 cyclists at Old City Hall on Bike to Work Day on May 17, 2024 between 7am-10am. The weather was cool and overcast. The pit stop was a party-like atmosphere, with twelve staff and volunteers managing the event logistics. After checking in, receiving swag bags, and selecting their T-shirts, participants were offered:

- Bottled water, coffee, tea, bananas, oranges, and an assortment of pre-packaged grab and go snacks,
- Ten tents representing area businesses and City services,
- Bike tune-ups,
- Music with a DJ,
- 25 raffle prizes, and
- DASH bike loading demonstrations.

The event had the support of the local community with two bike shops participating by offering bike checks, coffee, tea, and snacks donated by local businesses. The Alexandria Economic Development Partnership (AEDP) generously agreed to MC the event, community organizations such as Alexandria BPAC and WABA shared biking information, and local businesses donated more than \$1200 in raffle prizes and donations.

Staff secured special guest speakers including Justin Wilson, Mayor, City of Alexandria, MWCOG Executive Director, Clark Mercer, and MWCOG Transportation Operations Program Director, Dan Sheehan and BPAC representative, Ken Notis.

To encourage participation, Bike to Work Day was publicized in variety of ways: news releases, social media posts, a website article, communication with employers, and street team distribution

of posters, flyers, rack cards. Bike to Work Day registration was promoted at in-person events in late April and early May. The event was also publicized through the Visit Alexandria and Economic Development Partnership newsletters.

During the event, staff captured still photos for use in social media and other communications materials.

Alexandria Del Ray: The event was held at Colasanto Park from 6am to 9am. There were 175 registrants for the pit stop.

Alexandria Eisenhower Square: Eisenhower Square Pit Stop Recap- This year was our 1st year for Bike to Work Day. We had about 45 people register for our pit stop. We had giveaways and snacks for our participants that stopped by. We did the pit stop without any sponsors this year as we are still learning and got a late start. We didn't run out of T-shirts but did have requests for more mediums than we had. Our event was from 7am-9am.

Alexandria Fairlington: There were 55 registrants for the event's pit stop.

Alexandria Mark Center: There were 77 registrants for the event's pit stop.

Alexandria National Landing at APTA: At least 50 Bike to Workday participants at APTA Pit Stop and 4 additional staff volunteers: MET – 96 participants registered for 2024 APTA pit stop and successfully secured 4 staff volunteers.

Anacostia: The event was held by the Arts Center from 7am to 9 am. There were 61 registrants for the pit stop.

Anacostia Riverwalk Trail: The event was held from 7am to 9am. There were 97 registrants. It was a great morning as always! We saw a lot of familiar faces and bike traffic going into DC and folks headed out to Greenbelt and NASA. Some were neighbors from River Terrace and around the Benning Road corridor with local community participation. We were ambassadors for Bike to Work Day by encouraging people biking and walking to stop. Many of our non-registered visitors were unaware of Bike to Work day and were happy to learn about the event and to get resources like bike maps. The weather may have deterred a few participants this year as it looked like it was going to rain a good bit of the time, but we didn't have any rain.

Annandale: The event was held at Wakefield Park/Audrey Moore RECenter from 6:30am to 9am. There were 50 registrants for the pit stop.

Annandale George Mason Library: The event was held from 6:30am to 9am. There were 22 registrants.

Arlington Mill: The Arlington Mill pit stop was held on the plaza of the Arlington Mill Community Center from 7-9am. The stop had 132 registrants.

Arlington Ballston: Hosted in the parking lot of Trek Bicycle Arlington Ballston from 7:00-9:00 a.m., BikeArlington's Ballston Pit Stop broke all previous records for this location with 579 registered riders, tying BikeArlington's Rosslyn Pit Stop for #1 in the region. With in-kind donations of doughnuts and coffee from Ballston's own Good Company Doughnuts & Café, a dozen tabling partners, volunteers from the local community, wake-up music from our DJ, and visits from Arlington County Board member Maureen Coffey and the Escuela Key Elementary Bicibus (bike train), the Ballston Pit Stop delivered a festive atmosphere from start to finish.

This year was no exception, with 579 registered riders tying BikeArlington's other Orange Line corridor Pit Stop at Ballston for highest number in the region. Thanks to support from the Rosslyn Business Improvement District, Gateway Park was transformed into a bike commuter's oasis from 7:00-9:00 a.m. on May 17, with an array of refreshments including McDonald's/McD Mateo's bountiful breakfast burritos and coffee, Good Company's decadent doughnuts, and HealthPub's fresh juices. Arlington Shirlington: After re-locating to the north side of Arlington Mill Drive and the Four Mile Run Trail and operating in the afternoon for the past few years, the Shirlington Pit Stop returned to the Village at Shirlington and morning operations in 2024. The move was well-received, with more than 200 riders registered for this BikeArlington Pit Stop, tucked away in the friendly confines of Shirlington Plaza. From 7:00-9:00 a.m., riders visited tabling partners, including the Shirlington Branch of Arlington Public Library and multiple Arlington-based non-profit organizations, availed themselves of courtesy bike checks from Conte's Bike Shop, enjoyed Astro's signature doughnuts and hot coffee, and lingered to mingle with fellow riders before pedaling off to start their day.

Brunswick MARC Station: Brunswick's BTWD '24 was fun and full of relationship building! We had a gentleman that wants to open a bike shop in Brunswick attend and he was able to get a lot of support through the bikers that stopped by the tent.

Our sign-up had 40 people! This is a new record for Brunswick. However, only 17 showed up but we were very happy they did. 17 is approximately what we had the first year we were a pit stop.

Since we didn't have a bike shop to help us with out goody bags, the Main Street Program Manager and the City provided bike key chains that are also bottle openers, a Brunswick wallet for the back of a cell phone, Brunswick chapstick, and a Nutri grain bar along with their t-shirt.

Burke: There were 38 registrants for the event's pit stop.

Capitol Hill Eastern Market: The event was held at the Eastern Market Metro Plaza from 7am to 9am. There were 315 registrants for the pit stop.

Many of the cyclists worked on Capitol Hill and others stopped by on their way to other federal agencies and workplaces nearby.

Capitol Riverfront: This year's Bike to Work Day pit stop at Canal Park (200 M St SE) saw over 100 bikers joining in. They kicked off their morning with a blend of fun and fitness, enjoying free health and wellness resources from local DC fitness providers, giveaways, bike tune-ups courtesy of Conte's Bike Shop, and breakfast snacks and drinks provided by Silver Diner and Courtyard Capitol Hill/Navy Yard.

Columbia Heights Plaza: The gray, cloudy, cool day did not deter cyclists from attending the festivities in Columbia Heights Plaza, but the sprinkles of rain after 5pm scattered the many participants who had gathered during the rest of the event.

104 (including 19 previously signed up at other Pit-stops) intrepid riders visited, obtained their T-shirts and snacks and water, patronized the DC Libraries Bike Book-mobile, schmoozed with WABA staff Matthew and Sarah and DC Councilwoman Brianne Nadeau and ANC reps Jeremy and Steven, and represented the DC Bicycling Community! 232 had signed up prior to the event, which grew to 260 in total from electronic on-site new sign-ups.

Thanks to our indefatigable volunteers: Jennifer, Joshlin, Katie, Lori, Nicole, Shandy, and John; Jo Percell of DC Public Libraries; and John Groth and Joey from Lou's City Bar, who sponsored the Happy Hour during and subsequent to the event! We appreciated Giant Food, who supplied the bananas, oranges, and apples, and the Mount Pleasant Library (Bobbie Dougherty) who provided tables! Once again, The Adams Morgan Pit-stop dropped by their extra T-shirts, which assisted our distribution in depleted sizes.

Once again, we feasted on delicious bagels courtesy of Call Your Mother Deli (from the Logan Circle and Connecticut Avenue locations). This year we had some exciting door prizes to raffle off: assorted totes and zipper bags made out of last year's Bike to Work Day banner from this pit stop, made by Mile High Workshop in Denver, Colorado (<https://www.milehighworkshop.org>), which offers an employment and job training program for those facing barriers to work.

During our morning pit stop we offered granola bars, bananas, bottled water, and Starbucks coffee. We also posted on social platforms including X (1, 2) and Instagram stories. We were thrilled to once again host the Amidon-Bowen Elementary School “bike bus”—a growing collection of nearly 20 kids cycling together through SW on the way to school (photo attached). The VPRA also gave out granola bars with a QR code to the Long Bridge Project website that educates cyclists on the bicycle-pedestrian bridge project between Arlington, VA and Washington, DC.

Tysons Corner: There were 51 registrants for the event’s pit stop.

University of Maryland: The University of Maryland pit stop had a great turnout this year, with 74 registrants! BTWD 2024 fell on the last day of finals for the university, so the majority of participants were faculty/staff, but students who remained on campus visited our pit stop and

had a great time! A big thank you to Jersey Mike's, the UMD Beekeeping Club, and Redshift sports for providing time, energy, and raffle items to help make our pit stop possible! Can't wait to see everyone next year!

Vienna – Metro/Jim Scott Community Center: The second Bike-to-Work Day at the Jim Scott Community Center near the Vienna Metro Station was a huge success with 31 registrants and more than 45 cyclists who showed up!

Several walkers came by, too! Supervisor Dalia Palchik and her daughter, Sivan welcomed cyclists to our tents where officers from the Fairfax County Police Department and staff from the transportation departments of Fairfax County and Virginia answered questions and provided tips on safer cycling. We were grateful for their presence. We replenished water bottles participants brought and had t-shirts, bike lights, maps, fruit, snacks, bags, handouts, blinkers for bikes and many other goodies provided by our lovely partners to give riders to make this memorable day even better! We thank Sun and Surf Bike Shop who brought equipment and a stand to repair bikes and REI who also brought some fun goodies to provide our attendees. Also, a big thank you to Seva Food Truck who provided some snacks for us to hand out. Lastly, thanks for Fairfax for Safe Streets for coming and sharing information with our community. As our location becomes better known in the biking community, we are certain the number of participants will grow next year! Looking forward to hosting our 3rd Bike to Work Day pitstop in 2025!

Vienna: The Town of Vienna's pit stop is located on the Town Green, adjacent to the W&OD Trail and Maple Avenue in the heart of Vienna. This year, we had a record breaking number of cyclists (227) stop by, pick up their T-shirt, and enjoy some coffee and snacks. Mayor Colbert and several Council members stopped by to say hello. This year's sponsors included: Caffè Amouri, Friends of the W&OD, Contes Bikes, Trek Bikes Vienna, Bikes@Vienna, Caboose Tavern, and the Town of Vienna Bicycle Advisory Committee. It's a lot of fun, especially when the weather cooperates.

West End at ACoC: There were 62 registrants for the event's pit stop.

West Springfield: There were roughly 40 people who attended. This included students, employees, police officers, and the fire department. Everyone had a great time. Looking forward to the next one and sponsors are as well.

Wheaton: The 2024 Wheaton Marian Fryer Plaza pit stop was second year hosted at 2425 Reddie Dr. Wheaton, MD from 7:00 – 9:00 AM. There were 93 riders at final registration. A total of 85 of the pre-registered attended plus 17 walk-ups and Pre-register who did not show up 9. As last year years, there were one new bike winner. This year, the bike was from Linda Mac, Silver Cycles. in Silver Spring. The winner was selected in a second drawing from assigned numbers listed on the registration. VIP guests included Montgomery Council Member Fanni Gonzalez and Michael Paylor, Division Chief, Traffic Engineering & Operations.
