Mr. Ronald F. Kirby
Director, Department of Transportation Planning
Metropolitan Washington Council of Governments
777 North Capitol Street, N.E. Suite 3000
Washington D.C.

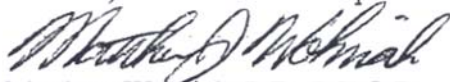

Dear Mr. Kirby,

Our office received data files from the COG/TPB Travel Forecasting Model Version 2.1D and landuse files from Round 6.3 of the COG Cooperative Forecasting process for years 2000 and 2030. We were contracted by the Maryland State Highway Administration to model various projects and need additional data files to complete this process. We are requesting from you, any updated batch files for model execution, control files, TP+ script files, software executable files, model parameter files and all updated input files to complete the modeling process for the base year 2000 and future year 2030.

Your attention to this matter is greatly appreciated. Should you have any questions please feel free to contact me by email at mwolniak@jmt-engineering.com or by telephone at (410) 329-3100.

Sincerely,

Johnson, Mirmiran & Thompson

Matthew Wolniak, P.E., P.T.O.E
