#### Panelists:

- Rob Abbott, Vice President of Safety, American Trucking Association (ATA)
- Randy Mullett, Vice President of Government Relations and Public Affairs, Con-way Trucking and Logistics
- Moderator, Karin Foster, Transportation Planner at Metropolitan Washington Council of Governments (MWCOG)

#### Background on Hours of Service Rules

The purpose of the Comprehensive Safety Analysis (CSA) 2010 Federal Motor Carrier Safety Administration (FMCSA) is to improve large truck and bus safety and ultimately reduce commercial motor vehicle (CMV)-related crashes, injuries, and fatalities. This new enforcement allows FMCSA and its State Partners to contact a larger number of carriers earlier in order to address safety problems before crashes occur.
