- 10:30 A.M.** **3. CITY OF FREDERICK DRAFT CLIMATE ACTION PLAN**
Jenny Willoughby, City of Frederick
Leslie Chinery, ICF

The City of Frederick has developed a Climate Action Plan (CAP) for City operations to address current and future climate change. The CAP comprehensively considers the changing climate in the City by addressing both mitigation and adaptation. This scope is focused on City government operations and includes buildings and facilities the City owns and operates, streetlights, and traffic signals, water and wastewater treatment plans, fleet vehicles, and non-fleet vehicles and equipment (e.g., lawn mowers, construction equipment). The CAP. This CAP demonstrates the City's commitment to lead by example.

Action Item: Receive briefing.

11:05 A.M. 4. PATHWAYS TO ZERO ENERGY BUILDINGS

*Kim Cheslak, New Buildings Institute
James Ball, Co-Chair DMV Net Zero Coalition*

CEEPC'S 2030 Climate and Energy Action Plan identifies the need to transition to all new construction zero energy by 2030. The New Buildings Institute will present an overview the 5 foundation steps to zero carbon building policies and layout specific policy guidance within each step. CEEPC will also be introduced to the DMV Net Zero Coalition, a peer-exchange network of multi-disciplinary building industry professionals that promotes and builds capacity for net-zero energy buildings and technologies throughout metropolitan Washington.

Action Item: Receive briefing. Discuss possible next steps to advance zero energy building policies and initiatives in the region.
