PROJECT ELEMENT Commuter Operations Center 6141

Month: May 2005 FY05

Staff Contact: C. Arabia
Edited By: N. Ramfos
Today's Date: June 17, 2005

Background Activities

The Commuter Operations Center continued providing transportation information services on alternatives to driving alone through the 800 telephone number, general marketing support, and through the distribution of matchlists. (See Table 1 Monthly Activity and Impact Summary and Commuter Operations Center Performance Data).

Technical assistance through the Commuter Operations Center help line was provided to member clients. COG staff performed routine server and file maintenance (removing old matchletter and associated matching files, and old upload files) on the CCRS server. Additional assistance to clients is described as follows:

Baltimore City – City rideshare staff informed COG on May 9th that the hard drive in the computer used for the CCRS program had gone bad and needed to be replaced. On May 24th COG was notified that a new computer was installed and a date for CCRS software installation was set for June 2nd.

Fairfax County - COG sent county rideshare staff a CD with the latest street coverage update and installation instructions via FedEx on May 27th.

Howard County – County rideshare staff reported problems with the CCRS program on May 6th and May 16th. Both problems were the result of a corrupted program file, which was most likely caused by an improper shutdown of the CCRS program. On both occasions, COG staff e-mailed a new program file and had county staff replace the corrupted file. This fixed the problem. This was the fourth time in the last two months that this problem has occurred.

Loudoun County – On May 6th county staff reported a problem with the ID number generation of the CCRS system on their rideshare computer. The problem was due to COG staff not setting their ID numbers when the CCRS software was installed in April. This problem was corrected on May 12th after the return of the county's rideshare staff.

Montgomery County - COG sent county rideshare staff a CD with the latest street coverage update and installation instructions via FedEx on May 26th.

North Bethesda Transportation Center - COG sent county rideshare staff a CD with the latest street coverage update and installation instructions via FedEx on May 26th.

TransIT Services of Frederick County - COG staff provided mailing labels on May 9th per

TransIT Services' May 6th request.

COG staff participated in a transportation fair at the National Science Foundation on May 19th, Montgomery County awards ceremony on May 13th, Bike to Work Day on May 20th, and the Air Quality Action Days Kick-Off event on May 12th. COG staffed a tabletop display and presented information about Commuter Connections services, including ridematching, Guaranteed Ride Home, and the Commuter Connections Web site at these events.

An RFQ was released on May 12th to obtain a contractor to update the current User Requirements\Functional Specification document for the web migration project. The selected consultant would identify further system and user requirements as part of an effort to integrate multiple services provided by Commuter Connections onto one internet and intranet based software system. A pre-proposal meeting was held on May 18th for interested consultants, to answer questions concerning the project's scope of work and procedural issues.

Collateral material developed in May for the June Employer Recognition Awards event includes invitations, signage, recognition print ads, program booklet and giveaways.

Staff continued working on the production of the 2004 State of the Commute general public report. The FY 2005 Placement Rate Report was completed and distributed.

Staff continued working with the State funding agency's on streamlining the FY 2006 Commuter Connections Work Program. A status presentation was given to the TPB Technical Committee on May 6th, to the Commuter Connections Subcommittee on May 17th and to the TPB on May 18th. A State TDM Work Group meeting was held on May 10th.

Products

- · April monthly performance report.
- Bi-weekly commuter listing reports were mailed to all clients during the weeks of May 2nd, May 16th, and May 30th.
- RFQ to update User Requirements\Functional Specification document for the web migration project.
- · FY 2005 Placement Rate Report

Problems Encountered

None.

Future Activities

- Install the Commuter Connections Ridematching Software System software and updates at member client sites, as needed.
- · Fix software bugs on the Commuter Connections software system, as needed.
- · Prepare and mail second quarter client invoices.
- The next Commuter Connections Subcommittee meeting is scheduled for May 17, 2005.
- The next meeting of the Commuter Operations Center Subcommittee is scheduled for June 21, 2005.

- Finalize the 2004 State of the Commute Survey general report.
- Develop new ridematching/GRH Web-based system.
- FY 2006 Commuter Connections Work Program.
- Finalize the 2005 TERM Analysis Report.

Table 1

Metropolitan Washington Council of Governments Commuter Connections Program Monthly Activity and Impact Summary

Month of MAY 2005

Commuter Connections Activity	This Month	Last Month	Since July 2004
Total applicants/info provided:	1,802	1,565	17,291
Rideshare applicants	1,707	1,258	15,959
Matchlists sent	916	1,466	15,921
Transit applicants/info sent	58	67	586
GRH applicants	1,178	540	9,769
Bike to work info requests	52	21	275
Telework info requests	1.	2	9
Kiosk users	2,669	3,485	38,236
Kiosk applicants	0	9	168
Internet users	8,458	8,369	76,433
Internet applicants	1,583	1,036	14,776
New employer clients	28	23	1,004
Employee applicants	0	0	95

Program Impact Performance Measure	This Month	Last Month	Since July 2004
Continued placements	505	438	4,841
Temporary/one-time placements	319	277	2,760
Daily vehicle trips reduced	300	261	2,882
Daily VMT reduced	10,264	8,914	98,488
Daily tons NOx reduced	0.0145	0.0126	0.13961504
Daily tons VOC reduced	0.0068	0.0059	0.065314195
Daily gallons of gas saved	475	413	4,560
Daily commuter costs saved	\$1,976	1,716	18,959

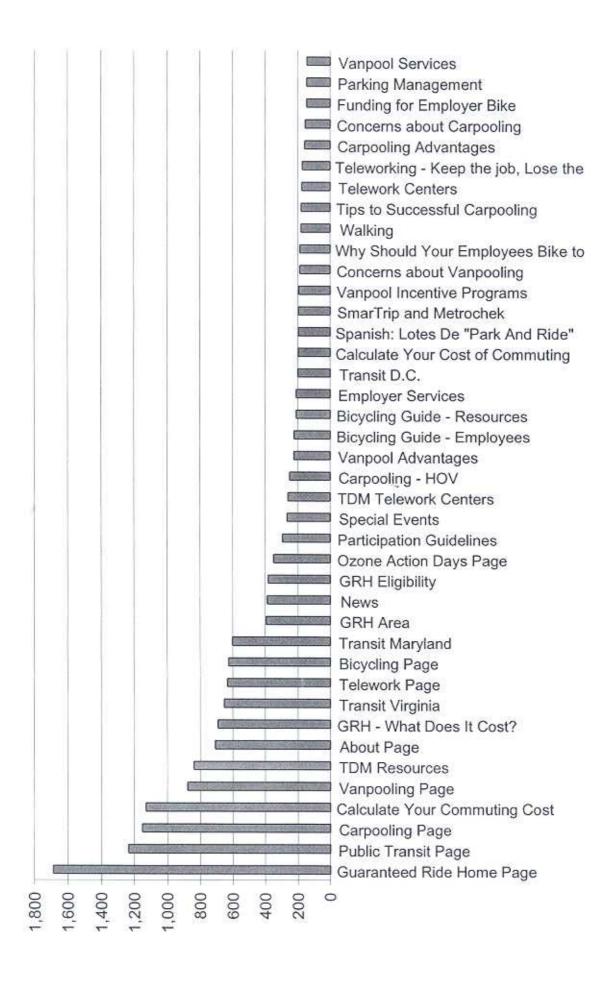

NOTE: Daily vehicle trips reduced is calculated by multiplying the number of placements by a vehicle trip reduction (VTR) factor. The VTR factor takes into account three types of placements. 1) Drive alone commuters that shift to a commute alternative, 2) current alternative commute users that shift to a higher occupancy commute commute mode, and 3) current commute alternative users that increase the number of days they use a commute alternative. Daily vehicle trips reduced include both trips to work and trips from work to home.

PROJECT ELEMENT: Metropolitan Washington Telework Resource Center 6142

Month:

May 2005 FY05

Staff Contact:

Danette Campbell

Edited By:

Nicholas Ramfos

Today's Date:

July 13, 2005

Background Activities

Major activities in May included:

- Conducting Telework training at COG: "Managing Teleworkers and Remote Teams", "Training Your Teleworkers for Anywhere, Anytime Performance," and "Choosing and Using the Right Telework Technology"
- Presenting regional telework information at the Maryland Public Employer Labor Relations Association Conference in Annapolis Maryland
- > Attending Quarterly Team Meeting
- Assisting with the coordinating and moderating of the Arlington Transportation Partners Telework Breakfast
- Coordinating a employer speaker panel, preparing questions, and coordinating technology session for the Virginia June TDM Conference
- Preparing Telecommuting-Ad Hoc Group meeting notes
- Preparing Telework Resource Center, Telework Partnership with Employers, and Telework Virginia monthly reports

Telework Resource Center:

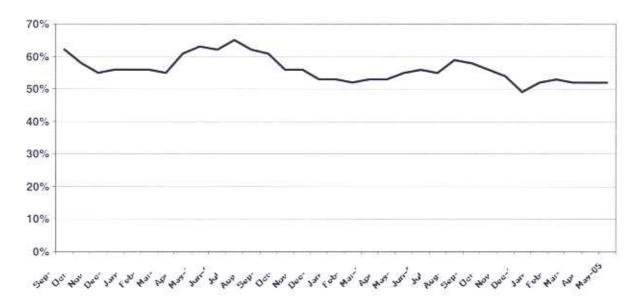

A	May 3	Employer Workshops "Managing Teleworkers and Remote Teams and "Choosing and Using the Right Telework Technology"
>	May 4	Telework presentation at the Maryland Public Employer Labor
		Relations Association Conference
>	May 10	Employer Workshop, "Training Your Teleworkers for Anywhere,
		Anytime Performance"
A	May 18	Meeting with the Telecommuting Advantage Group to discuss the status of the Expanded Telecommuting TERM.
×	May 19	Quarterly Team Meeting
A	May 24	Telework Panel Discussion at the Arlington Transportation
	3-5-40-7-10-10	Partners Telework Breakfast
×	May 26	Meeting with Technology consultant to design TDM Conference

telework technology session

Products

- Responded to 51 calls/inquiries in the Telework Resource Center
- Disbursed 65 Telework Resource Center kits
- ➤ Telework center utilization currently at 52% (used by 445 individuals)
- Telework Center users: 377 (85%) are federal workers, 68 (15%) are non-federal workers
- One week of Radio during first week of May in support of Telework workshops

Center Utilization Percentage

- Telework Center marketing of GSA "30 Day Free Trial" at regional telework centers yielded 23 new federal teleworkers
- April 2005 Telework Resource Center Monthly Report
- April 2005 TPE Monthly Report

Problems Encountered

Responses to Commuter Connections Telework Resource Center Survey received after the scheduled deadline

Future Activities

- > Finalizing results for the Expanded Telework TERM final report
- Drafting the 2005 Employer Telework Workshops Final Report
- Meeting with Society for Microbiology in the District of Columbia
- > Participating in a "wrap-up" conference call with the Telecommuting Advantage Group

Expanded Telework TERM activities:

1. Background Activities

Most of TAG's efforts in May were again concentrated on Manager Orientation, Telework Coordinator and Productivity Nuts and Bolts workshops. Providing the training and/or tools organizations need to expand their programs as quickly as possible is the focus as TAG reaches the final month of the Expanded Telecommuting TERM. The final report for the MITRE survey was completed. As a result of the survey TAG will have a presentation for Mitre's executive committee around expanding their telework program in both scope and including additional flexwork options, (e.g. flexible scheduling).

Two days of telework coordinator and management workshops were held with three of Northrop-Grumman's six business units. The goal is to formalize Northrop Grumman's telework program, expand the types of flexwork offered, and design a substantial pilot.

TAG is scheduling a four hour workshop with Marriott-International's telework coordinators and a limited number of managers. The workshop is partially focused on their on-line tool kit which will be promoted to expand their program.

TAG met with Booz-Allen and provided policy and procedure and tax implication information around their telework pilot. A follow-up meeting is scheduled for June around a July 1st launch.

The first draft of the final Expanded Telecommuting TERM report was completed.

2. Employers Contacted

ATF and Arnold & Porter, were also contacted during the month of May.

3. On Site Meetings

On-site meetings were held at Booz-Allen to discuss their policies and procedures, tax law and their pilot. TAG met with ATF to discuss the inclusion of telework training in their supervisor training. TAG is scheduling a presentation for Booz-Allen in June.

4. Products

- Presentation on preliminary project results to Commuter Connections Subcommittee
- Draft of Expanded Telecommuting TERM final report

5. Future Activities

> Expanded Telecommuting TERM final report

PROJECT ELEMENT

Integrated Ridesharing 6143

Month:

May 2005

FY05

Staff Contact: Edited By: Jose Lemus Nicholas Ramfos

Today's Date:

July 13, 2005

Background Activities

Routine physical maintenance continued with each of the kiosk sites and the kiosk software design and content. Problems were reported at Pentagon City Mall, Hoffman Center and USDA DC, problems were corrected.

An RFQ was released to update our current User Requirements\Functional Specification document for the web migration project. Staff held a pre-bid meeting to address questions about the RFQ process and requirements. Staff received proposals from interested companies and started the process of reviewing and scoring the submitted proposals.

Staff continued working on bus stops update procedures to update the bus stops file for the region on the CCRS program. Staff completed street centerline update procedures for Loudoun and Fairfax counties. Staff also conducted maintenance procedures on the FTP\Web server and the CCRS server.

Products

April monthly usage statistics for InfoExpress kiosks.

Problems Encountered

- Communication problems were reported at Pentagon City Mall.
- Communication problems were reported at USDA DC.
- Communication problems were reported at Tysons Corner Mall.
- Power and Communication problems were reported at Hoffman Center in Alexandria.

Future Activities

- Update the integrated CCRS & GRH web-based system.
- Evaluate effectiveness of Integrated Rideshare measure.
- Continue negotiations with potential Commuter Connections InfoExpress mobile kiosk sites with employers located in Northern Virginia and the District of Columbia.
- Implement Kiosk ambassador marketing campaign.

MONTHLY REPORT

PROJECT ELEMENT: Employer Outreach 6144

Month: May 2005 FY05

Staff Contact: M. Hersey
Edited By: N. Ramfos
Today's Date: July 13, 2005

Background Activities

Monthly synchronizations from six of the employer outreach jurisdictions were without any problems. Fairfax County, Loudoun County, Prince George's County, and Tri-County Council have not submitted their monthly reports.

Staff supported regional outreach staff in resolving ACT! Database problems for data collection. Staff continued the database audit of all records and began a sweep to ensure data integrity.

Staff coordinated with BMI-SG on the development of the survey web application that will enable the outreach representatives to access their respective client's survey results. Staff commenced beta testing on new commuter survey application and is seeking input from the local jurisdictions on the new system.

Staff coordinated with the DC Marketing Center for software update for Customer Referral Action Email system and maintained client contacts list.

Staff assisted the Telework Virginia project by processing survey request forms and supporting the Virginia-based outreach representatives.

Staff worked on updating levels of participation and verifying company information to submit for inclusion into the model runs for the 2005 TERM Analysis report.

Products

May monthly sales activities

Problems Encountered

Arlington County has not submitted its FY05 Scope of Work for its Employer Outreach contract with COG.

Future Activities

Database Audit and re-synchronization

The next Employer Outreach Ad-Hoc Group meeting will be on July 19th, 2005.

- Facilitates car/vanpool formation meetings
- Hosts/sponsors an alternative commute day or transportation fair
- Implements alternative work schedule program (flex-time, staggered work schedule, compressed work week)
- Installs bicycle racks or lockers
- Establishes an ETC who regularly provides alternative commute information to employees

LEVEL 3 (GOLD)

- Implements a formal telework program
- Implements a transit/vanpool benefit, Metrochek, or parking "cash out" program
- Implements a carpool/bicycle/walk benefit
- Provides free or significantly reduced fee parking for carpools and vanpools (valid only for companies where employees pay for parking)
- Implements a parking fee (valid only for companies that previously did not charge employees for parking)
- Becomes a Commuter Connections member and provides on-site ridematching
- Provides employee shuttle service to transit stations
- Provides company vanpools for employees' commute to work
- Installs shower facilities for bicyclists and walkers
- Implements a comprehensive Ozone Action Days program
- Supplements GRH program with payment for additional trips or own program

LEVEL 4 (PLATINUM)

Implements two or more of the Level 3 TDM programs and actively promotes these programs and alternative commuting

PROJECT ELEMENT

Guaranteed Ride Home 6145

Month:

April 2005

Staff Contact:

C. Arabia

Edited By:

N. Ramfos

Today's Date:

July 13, 2005

Background Activities

During May, COG received 1,178 applications for the GRH program. A total of 786 new applicants were registered (784 new applicants and 2 previous "one-time exception" users) and 467 commuters were re-registered. The GRH program provided 249 GRH trips. Twenty-three (23) of these trips were "One-Time Exceptions" accounting for nine percent (9%) of the total number of GRH trips provided. Personal illness accounted for the largest portion of GRH trip reasons followed by child care/illness. A total of 26,703 commuters are currently registered for GRH.

Commuter Connections / Gevalia joint contest and promotion ran through May 27th. Commuter Connections partnered with Kraft Food's Gevalia Kaffe to create the "Commuter Connections and Gevalia Top Ten Contest" promotion. Contestants provided their reasons why getting to work is better with Commuter Connections and Gevalia coffee. Gevalia supplied the prizes.

Commuter Connections in partnership with the Washington Area Bicyclists Association once again sponsored Bike to Work Day and promoted the Guaranteed Ride Home program. The date for 2005 was moved from the first Friday in May to Friday, May 20 to coincide with National Bike to Work Week. Support for the event included:

- 20,000 8.5 x 11" 4-color posters
- 50,000 3.75 x 8.5" 4-color double-sided rack cards
- Pitstop Banners (graphics development only)
- Radio 50% of the GRH rotation during the week of April 25 81 spots 60-second
- Giveaways 5,000 T-shirts, water bottles and more (paid by sponsors)
- HTML email to WABA members

Public Relations - Communication with various media outlets was jointly handled by COG Office of Public Affairs, Commuter Connections contractor, and Commuter Connections and WABA staff. Below is a list of their collective efforts.

Media Coverage - TV: Channels 4, 5, 7 and 8; Washington Post-Sunday Source, Washington Examiner, Alexandria Gazette, Bethesda Gazette, Bowie Star, Burke Connection, Fairfax Connection, Loudoun Times-Mirror, Reston Times, Silver Spring Gazette, Springfield Times, Vienna Connection.

With over 25 sponsors, pre-registration topped the 2004 with over 4,800 pre-registrants. Unfortunately, the morning of May 20 produced a deluge of rain. Even with the rain, and estimated 1,000 avid bikers participated.

For people new to the metropolitan Washington DC area and for anyone relocating within the region, the choice of commuting options becomes part of the relocation process. That is why the Guaranteed Ride Home program was supported by ad placement in the New Homes Guide – May/June issue. The ad promotes Commuter Connections as an information source for people who've moved / will move as well as the GRH program, that makes choosing an alternative commute option possible.

El Zol (WLZL FM) Radio is the new Spanish-language radio station in the market. In May they put four colorful promotional vehicles on the street, decaled to attract attention. These vehicles were designed to maintain presence within the Washington area and attend as many events as possible, popular with the Hispanic Community. The station produced and displayed a Commuter Connections magnetic sign all vehicles (May-June 2005). Additionally, each vehicle had GRH Spanish-language brochure/applications to hand out at events throughout this period. Additionally, continuous Keyword search activity was conducted through Google and Overture Network.

Products

Provided 249 GRH trips.

Received 540 applications.

Registered 784 new applicants, including 2 "one-time exceptions."

Re-registered 467 commuters.

Received 331 calls for GRH information.

Contacted "expiring" registrants by telephone.

Database management and maintenance.

GRH server maintenance.

Processed invoices from transportation providers and reservations/dispatching contractor, and processed Transit Reimbursement Vouchers.

April monthly performance report.

Spring marketing campaign and Gevalia Kaffe contest

Bike To Work Day event and marketing

Hispanic GRH marketing

Internet marketing

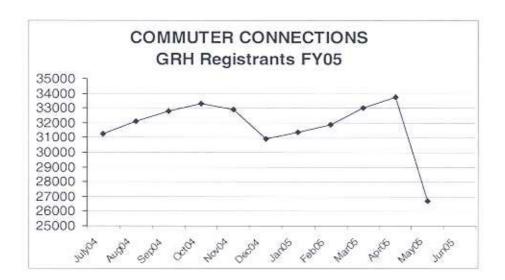

Problems Encountered

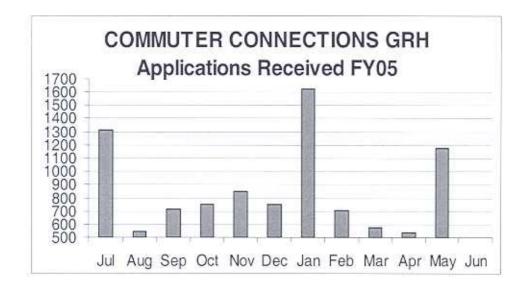

None.

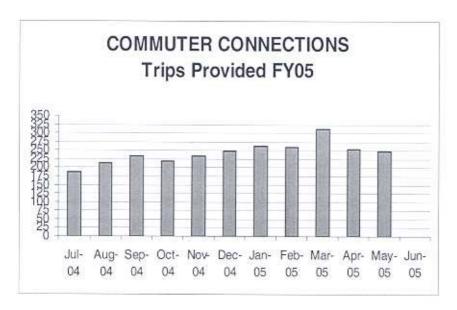

Future Activities

 COG staff will continue to work with their software contractor to update GRH software as needed.

- Continue surveying of GRH users to obtain satisfaction feedback.
- · Continue to re-register GRH commuters that reached their one-year expiration date.
- · Produce progress reports.
- · Continue overall operations of GRH program.
- Distribute GRH information at alternative transportation events and via COG staff and Employer Services representatives.
- Perform overall database maintenance.
- Integrate GRH database management software system with regional CCRS software system.
- Evaluate GRH regional marketing campaign. Continue response data collection and final numbers reporting from GRH mailout of postcard and self-mailers. This includes tracking of test urls, phone calls and returned applications.

PROJECT ELEMENT: Employer Outreach for Bicycling 6146

Month: May 2005 FY05

Staff Contacts: Michael J. Farrell/Mark Hersey

Edited By: N. Ramfos Today's Date: July 13, 2005

Background Activities

Coordinated and assisted in operational issues for Bike To Work Day pit stops in Maryland and Virginia.

Bike to Work Day 2005 was held on May 20th, 2005 with over 4,800 registrants signing up for the event. Though inclement weather dampened attendance in some areas, there were significant numbers that came out for the event in the local jurisdictions. The event at Freedom Plaza in DC teamed up with Chimano® in promoting their "Bike-Town" raffle. Dignitaries such as Douglas Duncan, Montgomery County Executive, Rolando Adrewyn, American Lung Association, and Gerald Connelley, Fairfax County Board of Supervisors' Chairperson attended and spoke at their respective jurisdictions' pit stops. Press coverage for the event out-paced last year's and Freedom Plaza had three local news reporters covering that pit stop.

Products

Bike To Work Day

Problems Encountered

None

Future Activities

- Distribute bike to work guides to WABA, DDOT, and other users upon request.
- The next Steering Committee meeting will be held on June 10th, 2005.
- · Update current bike to work guide.
- · Complete TERM Analysis Evaluation
