

ENHANCED MOBILITY PROGRAM: 2021 GRANT SOLICITATION

The National Capital Region Transportation Planning Board (TPB) at the Metropolitan Washington Council of Governments (COG) will conduct a solicitation for applications for the Federal Transit Administration's Enhanced Mobility of Seniors and Individuals with Disabilities (Section 5310) grant program from July 1 through September 1, 2021 with pre-application conferences starting in June 2021.

Funding Amounts

Approximately \$6.3 million in federal funds will be available; funds must be matched by the applicant: 20% for capital or mobility management grants and 50% for operating grants. Matching funds must be identified by the time of application.

The Enhanced Mobility of Seniors and Individuals with Disabilities program enhances mobility for seniors and people with disabilities by providing matching grants for transportation services that go above and beyond traditional public transit and paratransit service.

Eligibility

Non-profit agencies, private providers, transit agencies and local governments are eligible. Both capital and operating projects are eligible, but the project must serve the Washington DC-VA-MD Urbanized Area; detailed maps are at mwcog.org/enhancedmobility. For specific eligibility guidance, see the FTA circular 9070.1G or contact staff.

Priority Projects

Priority Projects have been identified to address significant gaps in transportation for people with disabilities and older adults. The eight priority projects include travel training, mobility managers, and taxi and shuttle services among others and can be found at mwcog.org/enhancedmobility. Applications responding to priority projects can receive additional points in the selection scoring process, which includes seven criteria totaling a maximum of 100 points.

Pre-Application Conferences

Applicants must attend a pre-application conference. Due to the COVID-19 pandemic all pre-application conferences will be virtual only.
