Electric Vehicles: Making Good Business Sense

A Special Council of Governments Forum Before The Washington Auto Show®

This event, held as a pre-meeting to The Washington Auto Show® starting at noon, will help Washington area business owners make the business case for investing in electric vehicles (EVs) and EV charging stations. It will include presentations and discussion on the benefits of investing in EVs and EV charging, as well as feature local case studies from businesses and other organizations. Time is running out. Registration closes on Jan. 28th. [Register NOW!](#)**
