CHESAPEAKE BAY PROGRAM RESOURCES

PROTECT LOCAL WATERWAYS WEBSITE: Educational Modules Geared for Local Officials.

<https://www.protectlocalwaterways.org/>

- Eight educational modules
 - Trees, water workforce, agriculture (FARM committee played a role)
- Information in the form of factsheets, Power Points, and glossary for newly elected councilmembers, who may have questions about the Bay, water quality, or “value of trees”
 - Link water issues to the Economy, public health, education, and infrastructure
- Power Point can be edited to insert local examples
- Standalone infographics
- **Provides links to additional resources on the topic**
- **Includes case studies—local examples of success stories**

BAY PROGRAM'S SEARCHABLE CASE STUDIES DATABASE

Can search by project type, locality, etc.
