# CarpoolNow

- Confirmed UI compatibility with iPhone 11/11 Pro/11 Max (including dark mode) – pending
- Added functionality to support enhanced driver incentive (and possible rider incentive)
- Added additional screens to encourage usage of Express Lane facilities by carpoolers

# CarpoolNow & *CarpoolNow+*

- Will allow for a rider's trip to originate from their current location or a selected location, including Park N' Ride lots
- Adds a "list view" of Park N' Ride lots
- Adds a "list view" of CarpoolNow+ lots
  - Will include Carpool pickup points not located in traditional Park N' Ride lots
  - Co-located along the Express Lanes
  - Special legend symbols to ease of identification

# CarpoolNow & *CarpoolNow+*

- Traditional “map view” on the Destination screen
- Special legend symbols added to this view
- Traditional Park N’ Ride lots will be included as well
