PROJECT ACCOMPLISHMENTS

ATCMTD Project Conclusion and Transition Plan

Dan Sheehan Transportation Operations Program Manager

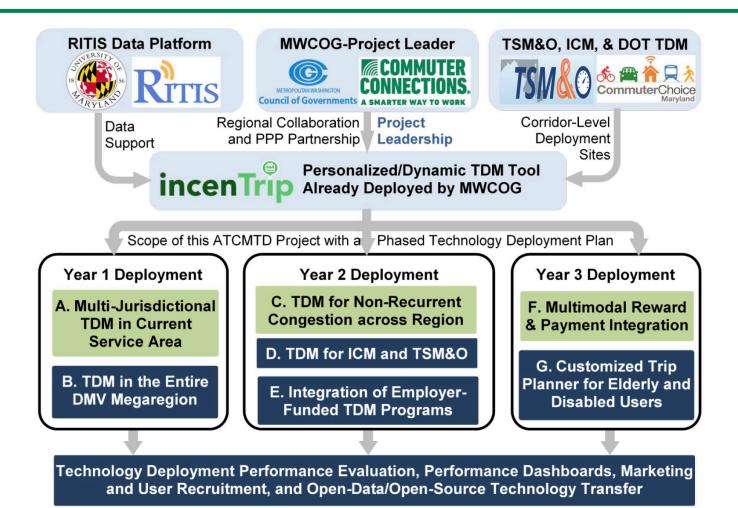

Commuter Connections Ridematching Committee December 19, 2023

Agenda Item #4

Project Context

- \$5.95 million grant application submitted August 2019
 - Grant title: "Deployment of Personalized and Dynamic Travel Demand Management Technology in the Washington, D.C.-Baltimore, MD-Richmond, VA Megaregion"
- 3-year project commenced November 2020

Project Goals

- Leverage the best available technology to maximize the cost effectiveness of a megaregion TDM program
- Integrate and expand existing dynamic TDM programs with a shared technology platform for coordination among public and private-sector partners
- Provide personalized, timely and accurate traveler information and incentives to minimize congestion, energy use, and emissions
- Enhance multimodal transportation access and system performance for all user groups with rewards and gamification

Task A

- <u>Task A</u>: Develop Personalized and Dynamic TDM in Existing Service Areas
 - Areas of focus: TPB non-attainment area and Maryland
- Built and launched MDOT incenTrip program (November 2021)
 - 277 Total Registrants as of September 30
- WMATA & MTA real-time GTFS feeds integrated
- Maryland local transit integrated
 - Annapolis Transit, RTA (Howard County)

		ND DE		

This program encourages Maryland travelers and employers to increase the use of public transportation, ridesharing/ carpooling, vanpooling, walking, biking, and alternative work schedules to promote congestion relief.

PEAK HOURS TRIPS

Points can be earned for work commute trips completed: •Monday to Friday, excluding federal holidays •6:30am ~ 9:30am and 4pm ~ 7pm, Eastern Time A maximum of one (1) trip may be used to earn points per commute timeframe.

POINTS

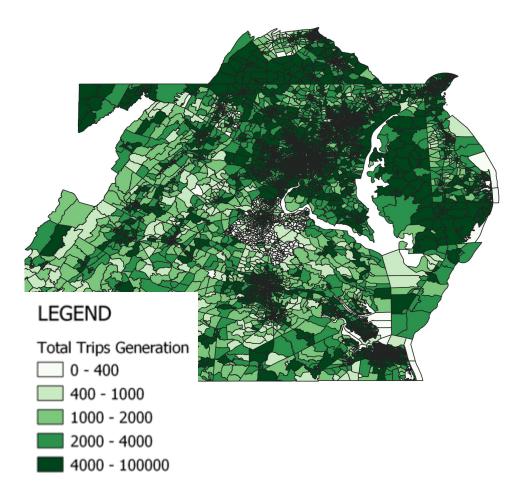

You can earn between 1 and 50 points for your commute trips.

Task B

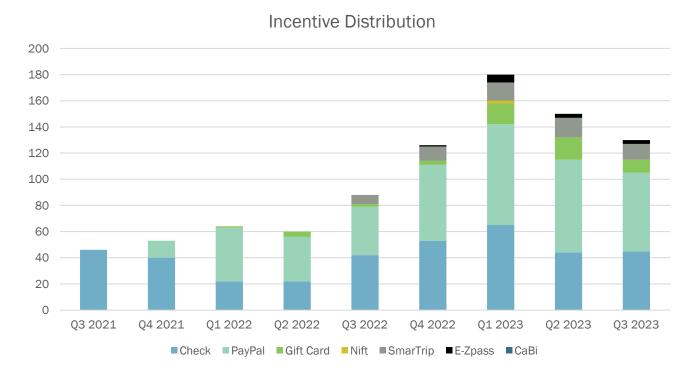

- <u>Task B</u>: Technology Deployment in the Entire DMV Megaregion and Adjacent Rural Counties
 - Areas of focus: Central Virginia, Delaware, and select counties in West Virginia and Pennsylvania
- Expanded network model (November 2021)
 - Data elements include megaregion street network, real-time traffic data, and fixed-route transit
 - End-users should be able to plan a trip within expanded region

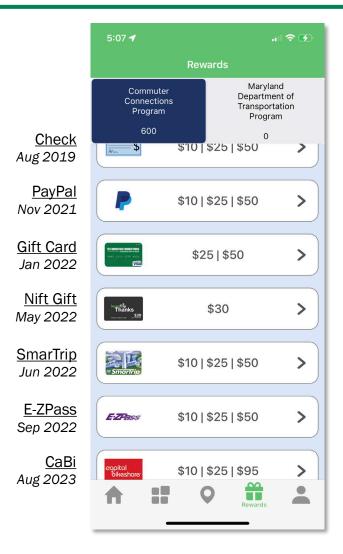

Task C

• <u>Task C</u>: Expand multimodal reward and payment options within the incenTrip community

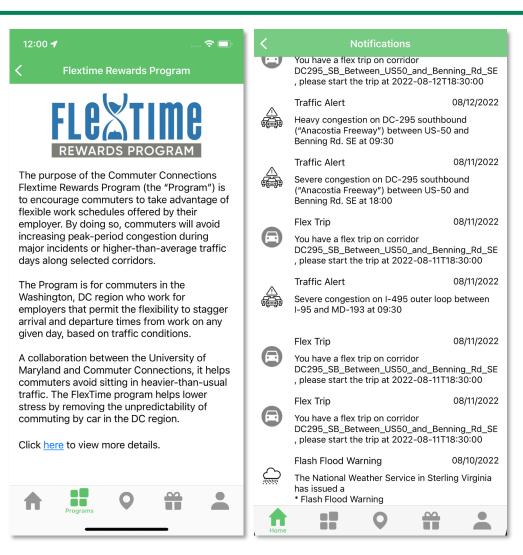

Task D

- <u>Task D</u>: TDM Deployment for Non-Recurrent Congestion Mitigation
- Integrated the Flextime Rewards Program (December 2022)
 - 650 points per flexed trip
 - Corridors updated August 2023
 - 4,800 flextrip alerts sent
- Added real-time traffic alerts (December 2022)
 - Predictive congestion alerts

Task E

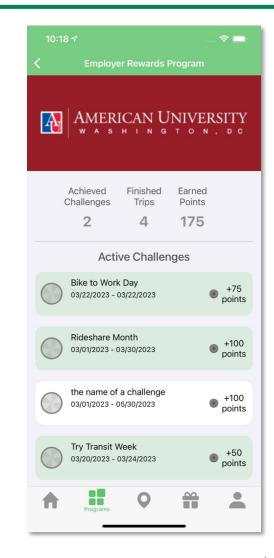

- <u>Task E</u>: Corridor-Level TDM Deployment for Multimodal Integrated Corridor Management (ICM) and Transportation Systems Management & Operations (TSM&O)
- Built and launched Corridor-level Challenges: (December 2022)
 - Focus on improving commuters' awareness of multimodal choices and park-and-ride options along selected corridors
 - Initial challenges launched on I-66 & I-270

	CHALLENGES -	
	Bus Public Transit on I-270 12/09/2022 - 10/31/2023 I-270 and Spur Between I-70 Frederick and I-495	+200 points
	Carpool Expansion on I-66 12/09/2022 - 10/31/2023 I-66 Between US-15 Haymarket and Potomac River	+1000 points
	Carpool Trip on I-66 12/09/2022 - 10/31/2023 I-66 Between US-15 Haymarket and Potomac River	+400 points
P+R	Park & Ride Check-in on I-2 12/09/2022 - 10/31/2023 I-270 and Spur Between I-70 Frederick and I-495	270 +100 points
(P+R)	Park & Ride Check-in on I-6 12/09/2022 - 10/31/2023 I-66 Between US-15 Haymarket and Potomac River	66 +100 points
Home		

Task F

- <u>Task F</u>: Integration of Employer-Funded TDM for Shared-Platform Development
- Developed and launched "incenTrip for Employers" program (May 2023)
 - Reward employees for choosing non-SOV modes and/or flexible work schedules
 - Employers conduct basic program administration through special ETC permissions in the TDM System
 - "Employer Challenges" and Employer Rewards Store
 - Supplemental to regional programs
- goDCgo pilot (2021) and two post-launch information meetings

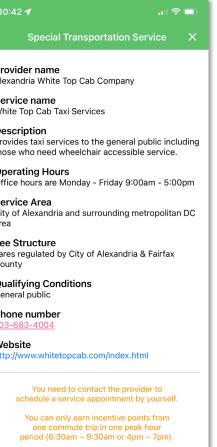

Task G

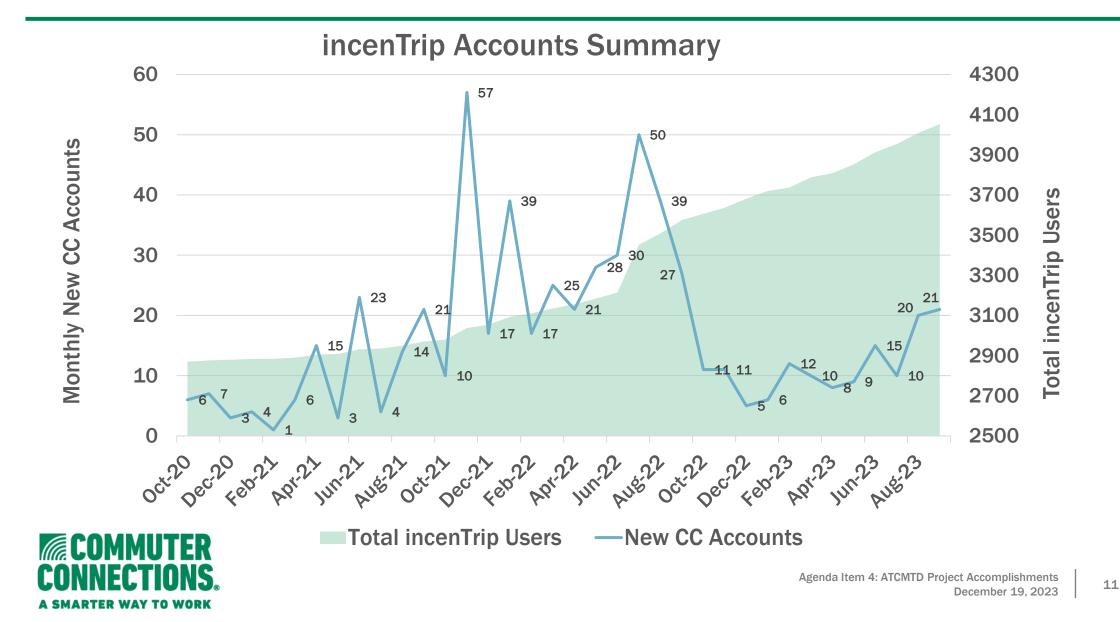

- <u>Task G</u> Specialized Transportation Referrals
 - Identify and recommend specialized transportation services for older adults and persons with disabilities who may not have the ability to participate in standard multimodal travel options
- Reach a Ride Integration (November 2023)
 - Web service connection to database
 - Contact information displayed for potential providers

Project Closeout

- Administrative Elements
 - Final report Spring 2024
 - Will include data collection activities from Commuter Connections Placement Rate Study (as reported in Project Evaluation Plan)
- Technology Transfer (Task K)
 - COG is cloning incenTrip for long-term operations
 - Will result in new, unique app within app stores
 - Will be housed on COG-owned network assets
 - Official re-launch date TBD; likely spring 2024

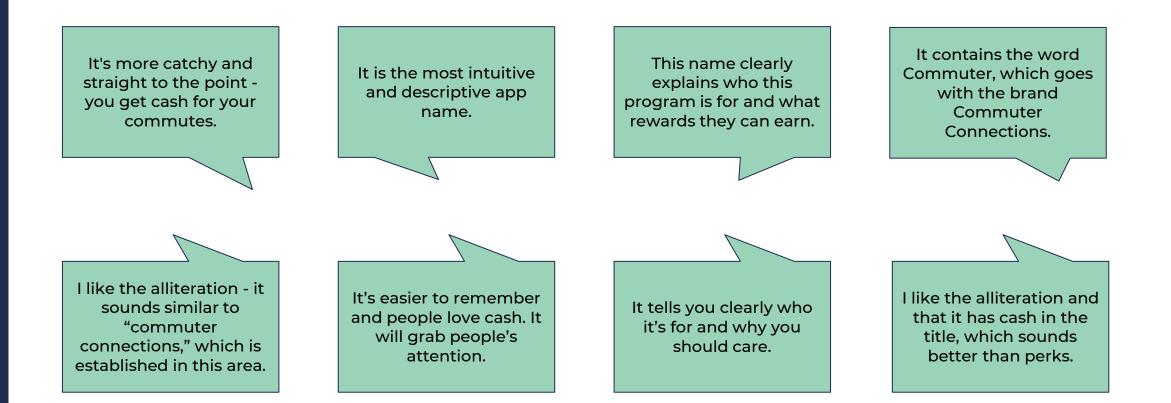

incenTrip Re-brand: "Commuter Cash"

• CommuterCash was the winning name among both public commuters and incenTrip users.

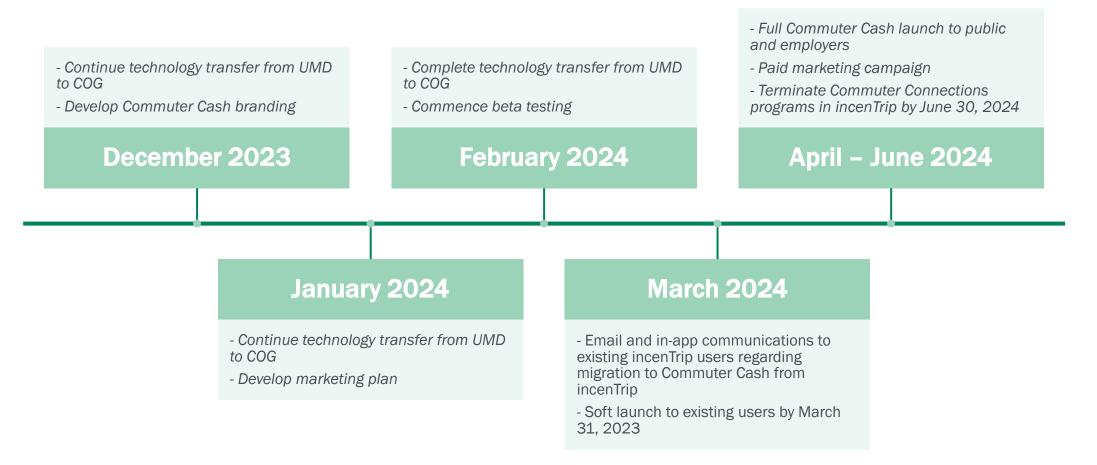

Public's Reasons for Selecting Commuter Cash
