Participation Plan Purpose

The TPB's Participation Plan guides TPB staff interactions with the public so that they can:

- 1) Reach as many people as inclusively as possible, and
- 2) Collect meaningful input and build support to inform TPB plans, programs, and aid in decision making

Participation Policy

1. Clarify the purpose of public participation in the TPB process
2. Strengthen Participation Policy by adding policy principles and placing more emphasis on equity
3. Public Guide is a quick reference for members of the public looking to get involved in regional transportation planning at the TPB
4. Staff Guide provides workflow to help staff outline an approach to reaching the public

Process for updating plan

Information gathering – Gathered information through internal discussions and a review of key documents. The information gathered helped identify elements that are highlighted in the plan update.

Stakeholder input – On multiple occasions draft work on the plan was shared with the AFA, CAC, and Technical Committees. Feedback from these groups helped shape plan draft.

Internal input – Worked with Team Leaders and other key DTP staff to develop and refine the draft, especially the Staff Guide.

Draft plan – The draft plan that is out for comment builds on elements from the 2014 update, and input gathered through the process.

Public comment – The plan is currently out for public comment. Input received from the public will be incorporated into final plan.
