AGENDA

1. 10:00 AM **Welcome & Introductions**

2. 10:05 AM **Discussions on Regional Signal Projects of Interest to TPB**
 - a. **Traffic Signal Power Backup Systems**

The committee will review and discuss the draft summarized results of the recently conducted power backup survey to reflect the updates as of February 28, 2013. Participants from different agencies/jurisdictions will be able to brief on their general criteria/plans on acquiring and maintaining traffic signal power backup systems. The committee will also discuss the outline of staff report on the subject to the IMR Oversight Committee.

b. Traffic Signal Optimization/Retiming

The committee will review and discuss a survey instrument to ascertain the status of signal optimization efforts in the region. This proposed survey is a response to a request from the TPB for a status report on the Traffic Signal Optimization Transportation Emissions Reduction Measure (TERM) adopted by the TPB on July 31, 2002.

3. 11:00 AM **Presentation of the new technologies for signal controllers**

Mr. Steve Kimble of Sensys Networks Corporation will discuss the use of their wireless in-pavement vehicle detectors for signal systems.

4. 11:40 AM **Jurisdictional Roundtable**

Participants will discuss traffic signals related jurisdictional activities of interest, e.g., the Presidential Inauguration and Transit Signal Priority. The group will discuss agenda topics for future meetings.

5. 11:55 AM **Other Business**

6. 12:00 Noon **Adjourn**

Lunch will be provided following the meeting
