The role of AFA members is to advise the TPB on transportation issues, programs, policies, and services important to traditionally underserved communities to determine if and how issues may be addressed by the TPB process.

Through coordination, AFA members also serve as conduits between other regional committees and the AFA. TPB staff will guide members who serve on other regional committees of interest to the AFA in a discussion to gauge the success of the feedback loop.

Upon conclusion, Chair Kostiuk will lead a discussion on whether this method of feedback, or another, is useful and should be revisited it on an annual basis, or more regularly.

Questions to members:

- What other regional committees do you serve on?
- What are 1-2 topics, of interest to the AFA, the committee(s) you serve on focused on this year?
- Did you take information from an AFA meeting back to the committee(s) you serve on? If so, what?
- How was the information received and used by the other committee(s)?
