

HSEMA Winter Weather Brief

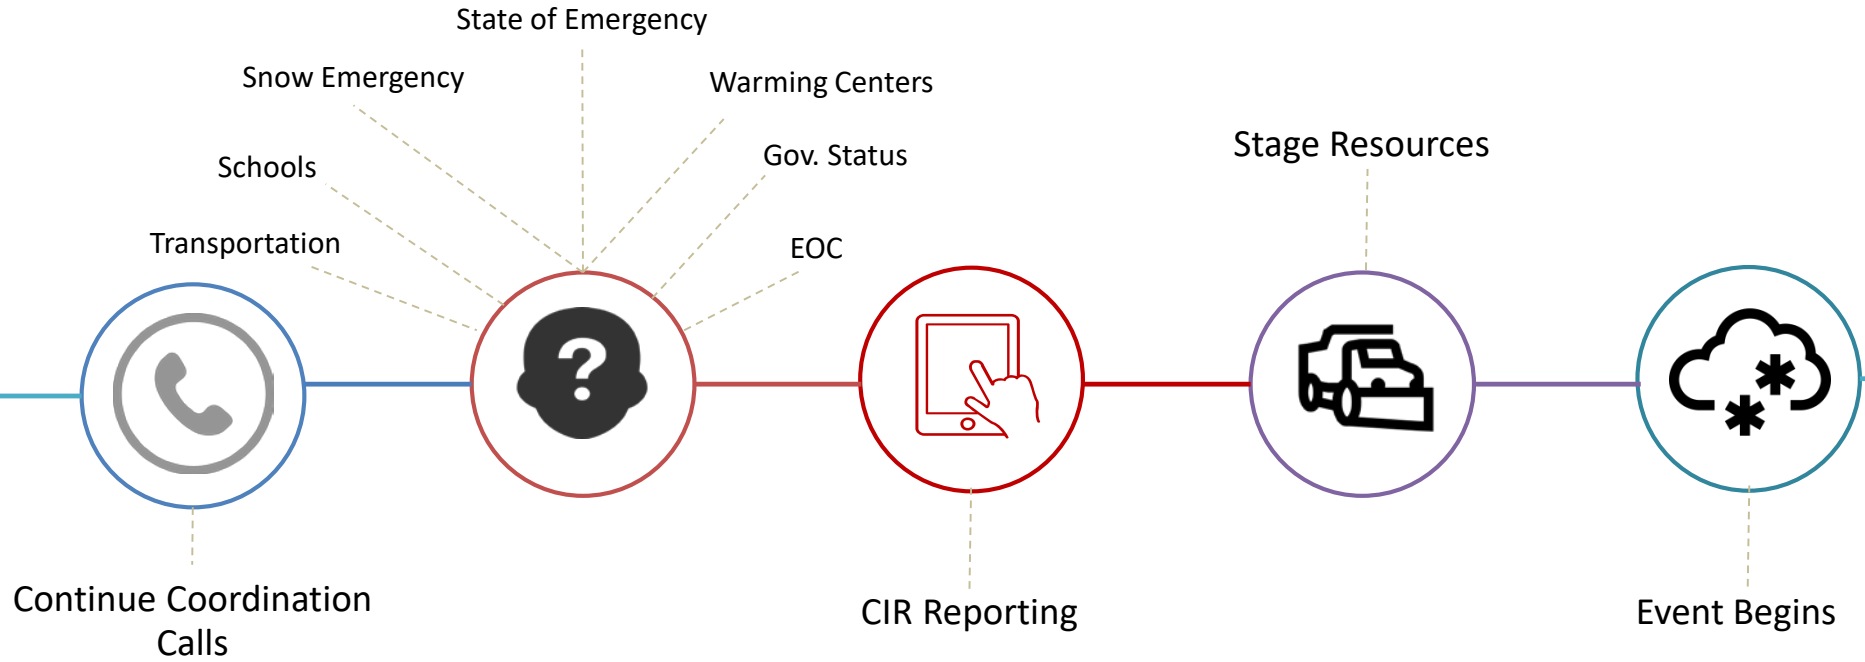

Multiagency Coordination

Timeline: 72-48+ hours until first snowflake

Timeline: 24-12+ hours until first snowflake

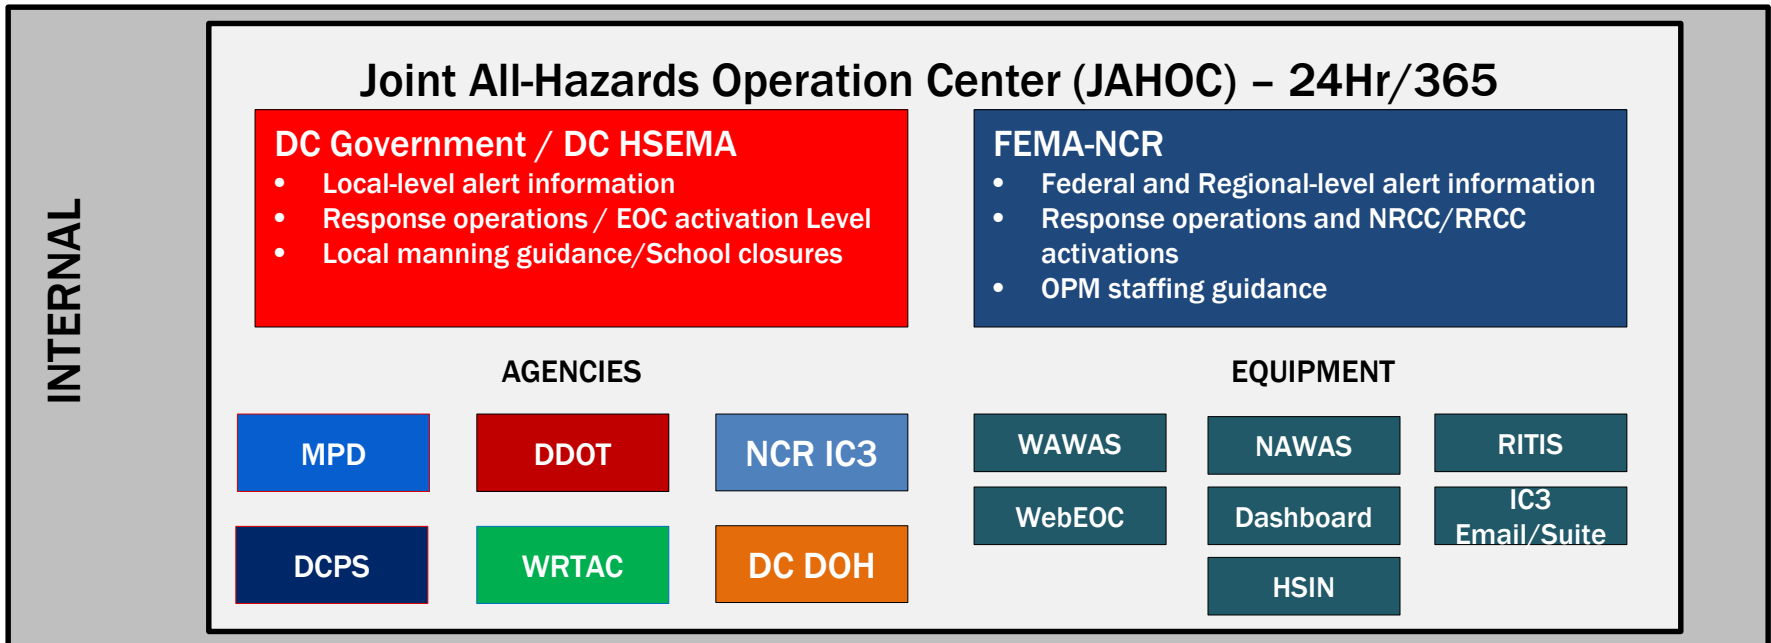

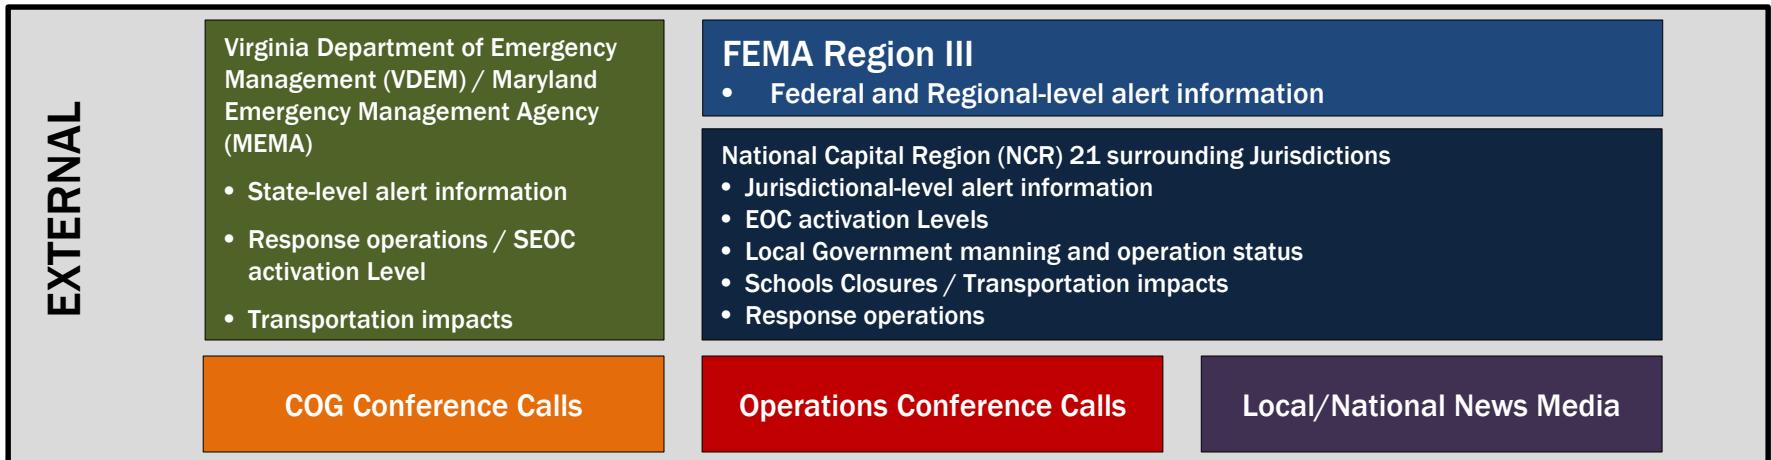

CMT Coordination Call

- Occurs at regular intervals
- Participants include organizations who have a primary or secondary role in winter storm operations and for situational awareness
- Topics include:
 - Threat/Hazard Briefing
 - Priority Consequence/Protect Measures
 - Information Analysis
 - Key Decision Points
 - Mission Assignments

Critical Information Requirements (CIR) Report

- Joint All-hazards Operations Center (JAHOC) will collect and disseminate the Winter Storm CIR Report **every four hours** following the activation of the Snow Command Center
- Consists of a series of data sets required by Executive Office of the Mayor and the Office of the City Administrator
- Used to support decision making and situational awareness

HSEMA Information Sources and Coordination

Information Collection and Coordination Center (IC3)

IC3 Adverse Weather Monitoring and Triggers

- Adverse Weather Critical Information Requirements (CIRs):
 - Primary Triggering Thresholds:
 - National Weather Service (NWS)-issued Weather Warning
 - State of Emergency or Disaster Declaration
