APRIL 13, 2011

2011 Point-in-Time Enumeration

- COG's 11th annual enumeration
- Conducted January 26, 2011
- Provides a one-day, “snapshot” of the region's homeless population
- Updates data on the number of unsheltered persons and persons utilizing Winter Shelters, Year-round Emergency Shelters, Transitional Housing Facilities, Safe Havens and Permanent Supportive Housing within nine metropolitan Washington area jurisdictions

How is Homelessness Defined?

- Literally Homeless - People who reside in some form of emergency or transitional shelters, domestic violence shelters, runaway youth shelters, and places not meant for human habitation, which include streets, parks, alleys, camp sites, abandoned buildings, and stairways.
- Formerly Homeless - People presently living in permanent supportive housing following a period of living on the street or in emergency or transitional shelter

Recommendations to Reduce Homelessness

- ❑ Continue Housing First (rapid re-housing) model which provide homeless residents with much needed wrap-around services to assist them in their efforts to live as independently as possible
- ❑ Prevention Strategies - Broadly implement shelter diversions programs that identifies households at risk of homelessness and prevents their need to be housed in local shelter programs
- ❑ Increase and improve outreach efforts to unsheltered homeless people living in the woods and on the street

Recommendations, cont.

- CoC jurisdictions must identify funds to sustain its rapid re-housing programs due to federal funds being exhausted by local municipalities because of demand
- Jurisdictions must provide more living wage jobs
- The region should create affordable housing opportunities across income levels
