

Regional Traffic Signal Forum

SAVE THE DATE
Wednesday, May 25, 2011

Sponsored by:
The Baltimore Regional Transportation Board (BRTB)
With additional support from the National Capital Region
Transportation Planning Board (TPB)

Maritime Institute, Linthicum, Maryland

The Baltimore Regional Transportation Board (BRTB) and the National Capital Region Transportation Planning Board (TPB) invite state, local, and private sector employees to attend the 5th Regional Traffic Signal Forum to exchange information and ideas on the latest developments in the traffic signal field.

This is a unique opportunity for signal technicians, operators, designers and others in the traffic signal field from the Baltimore, Washington, Northern Virginia areas to hear from the experts and peers in this field.

This forum will provide several sessions on local studies to improve signal timing, new technologies, and issues and challenges faced by state and local operators. The forum will also provide an opportunity for vendors to showcase their products and latest technologies.

The Signal Forum will have sessions on the following topics:

- Adaptive Signal Control (ACS)
- Pedestrian Signals
- Construction/Maintenance
- Training/Certification
- Equipment
- Other

The Traffic Signal Subcommittees of the Baltimore Regional Transportation Board (BRTB) and National Capital Region Transportation Planning Board (TPB)
