PROJECT ELEMENT	<b>Commuter Operations Center 6131</b>
Month:	October 2003 FY04
Staff Contact:	C. Arabia
Edited By:	N. Ramfos
Today's Date:	December 8, 2003

#### **Background Activities**

The Commuter Operations Center continued providing transportation information services on alternatives to driving alone through the 800 telephone number, general marketing support, and through the distribution of matchlists. *(See Table 1 Monthly Activity and Impact Summary and Commuter Operations Center Performance Data).* 

Technical assistance through the Commuter Operations Center help line was provided to member clients. COG staff did not receive any retrieval requests. COG mailed bi-weekly reports to all clients during the weeks of October 6, and 20. COG staff performed routine server and file maintenance (removing old matchletter and associated matching files, and old upload files) on the CCRS server. Additional assistance to clients is described as follows:

Alexandria – COG staff had to contact rideshare staff ask them to stop the ping of the CCRS server because they have left it running all day.

Baltimore City – On October 15, the rideshare staff reported that the CCRS program was "hung up." There were several other programs open at the same time. The problem was cleared when all other programs were closed and an "end task" was done on the CCRS program, and the computer was restarted.

Fairfax County – On October 23 COG staff made a site visit and installed the CCRS software on their new computer. Their upload and download were set to automatically run using FTP to the new map/FTP server at COG.

Howard County – Their automatic uploads and downloads are not working, however, their manual uploads and downloads are working. COG staff explained that this is most likely phone line problems associated with dial up modems. County staff is exploring the FTP data transfer option that would eliminate the dial up and eliminate their phone bill charges associated with the dial up data transfer.

LINK – On October 15 COG made a site visit to update the CCRS data files for transit, parkand-ride lots, and street centerline data.

Montgomery County – On October 10 COG staff made a site visit and corrected a problem with the batch print feature, fixed the problem with the Silver Spring computer's upload and downloads. The problem was a result of a change in the county's staff person's password. This requires the password in the Windows Task Manager to also be changed so the upload and

download can run. Also, COG checked for records entered through the Countywide computer. Nearly all of the records were in the database, but there was an upload that was not received at COG. COG will have to set the Countywide computer to upload to the new map/FTP server so that this problem will not happen.

Prince George's County – COG staff made a site visit on October 9 and updated CCRS data files.

COG staff presented information about Commuter Connections services, including ridematching, Guaranteed Ride Home, and the Commuter Connections Web site, at transportation information fair held at the King Street Station office complex in Alexandria, on October 31. COG staff also staffed the Commuter Connections display at the DCLiving Expo held at the Convention Center in Washington, DC on October 24, 25, and 26.

COG also coordinated and staffed the Regional TDM Marketing Group meeting held on October 7. A meeting was held at NCPC on October 1<sup>st</sup> and 28<sup>th</sup> to discuss the upcoming Federal ETC training. Staff meet with NuRide representatives on October 6<sup>th</sup> to discuss their employer-based ridematching incentive program and overall evaluation methodology. Staff met with LDA Consulting to kick-off the TDM Evaluation project on October 15<sup>th</sup>. Staff attended a NuRide Advisory Board meeting on October 15<sup>th</sup>. A conference call was held with the Commuter Connections Employer Recognition Awards Work Group on October 24<sup>th</sup>.

# Products

October monthly performance report.

# **Problems Encountered**

The monitor for the CCRS server, which had been inoperable since September 25, was fixed on October 6. The IMB technician made two site visits during that time and replaced parts in order to fix the monitor, which is more than eight years old. COG also fixed the problem with the modem connections on the server on October 6. The modem connections experienced a problem on September 27<sup>th</sup>. Clients that use modem connections could not upload or download. The monitor on the CCRS server had to be fixed before COG staff could fix the problem with the modems.

Funding commitments from MDOT and VDOT were pending for the FY04 CCWP.

# **Future Activities**

- Install the Commuter Connections Ridematching Software System software and updates at member client sites as needed.
- Fix all software bugs on the Commuter Connections software system.
- Prepare and distribute annual membership invoices.
- The next meeting of the Commuter Operations Center Subcommittee is scheduled for

November 18, 2003.

- Provide basic technical help to clients with the rideshare software, through the Commuter Connections web site.
- Customer Service training for data technicians
- Coordinate additional Federal ETC training workshops.
- Begin work on the FY05 Commuter Connections Work Program
- Begin work on the regional TDM Evaluation project.
- Make final edits to and print Employer Recognition Awards applications.

<b>Commuter Connections Program</b>
 Monthly Activity and Impact Summary
 Month of OCTOBER 2003

Г

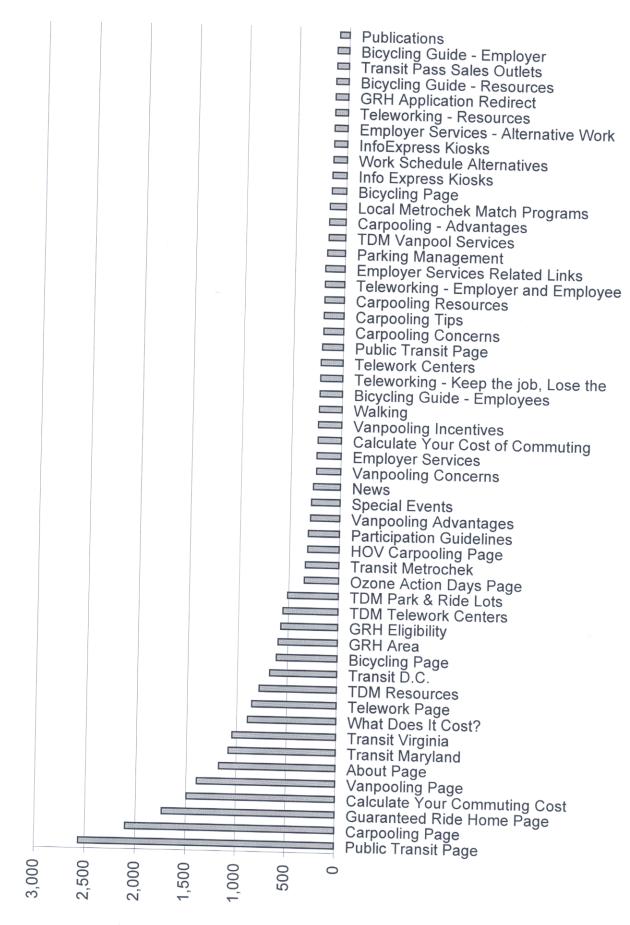

Commuter Connections Activity	This Month	Last Month	Since July 2003
Total applicants/info provided:	2,347	1,697	7,930
Rideshare applicants	2,260	1,628	7,505
Matchlists sent	1,068	1,643	3,784
Transit applicants/info sent	70	55	323
GRH applicants	937	637	2,563
Telework info requests	2	1	4
Kiosk users	2,516	3,184	10,764
Kiosk applicants	0	1	2
Internet users	18,701	6,291	36,479
Internet applicants	2,025	1,352	5,349
New employer clients	52	35	158
Employee applicants	15	44	462
Program Impact Performance Measure	This Month	Last Month	Since July 2003
<b>Continued placements</b>	657	475	2,220
Temporary/one-time placements	415	300	1,404
Daily vehicle trips reduced	391	283	1,322
Daily VMT reduced	13,368	9,666	45,168
Daily tons NOx reduced	0.0189	0.0137	0.0640
Daily tons VOC reduced	0.0089	0.0064	0.0301
Daily gallons of gas saved	619	447	2,091
Daily commuter costs saved	\$2,573	\$1,861	\$8,695

NOTE: Daily vehicle trips reduced is calculated by multiplying the number of placements by a vehicle trip reduction (VTR) factor. The VTR factor takes into account three types of placements. 1) Drive alone commuters that shift to a commute alternative, 2) current alternative commute users that shift to a higher occupancy commute commute mode, and 3) current commute alternative users that increase the number of days they use a commute alternative. Daily vehicle trips reduced include both trips to work and trips from work to home.

<b>PROJECT ELEMENT:</b>	Metropolitan Washington	n Telework Resource Center 6132
Month:	October 2003	FY04
Staff Contact:	Danette Campbell	
Edited By:	Nicholas Ramfos	
Today's Date:	December 8, 2003	

#### **Background Activities**

Major activities in October included:

- > Hosting the MATAC program meeting,"Telework Incentives in the Region"
- Meeting with the Greater Washington Board of Trade to discuss opportunities to engage private sector employers for the Expanded Telecommuting TERM
- Coordinating a planning meeting with WorkLife Performance to review new employer Telework seminar content and dates
- Coordinating all logistics for the Telecommuting Ad Hoc Committee meeting held on October 8<sup>th</sup>
- > Attending the Hagerstown Telework Center Anniversary
- Meeting with the Telework Consortium to discuss the Expanded Telecommuting TERM and viewing their computer-based, internet communications video conferencing technology
- Attending and manning the Commuter Connections both at the DC Business Expo Summit on October 22<sup>nd</sup> & 23<sup>rd</sup>
- Coordinating logistics for the MATAC Awards ceremony

# Products

- ➢ Mailed 3 Telework Resource Center kits
- Mailed 34 letters of introduction to Expanded Telework TERM employers who did not respond to phone inquiry
- > Monthly Reporting Template configured for Expanded Telework TERM
- FRPA PowerPoint presentation
- > Telework center utilization currently at 61%; total combined users: 684
- Responded to/placed 120 calls regarding the Telework Resource Center
- $\triangleright$

# **Problems Encountered**

> None at this time

# **Future Activities**

> MATAC Awards Luncheon: November 2003

- > OPM Telework Seminar/Meeting: November 2003
- FY03 Employer Telework Seminar survey
  Conference Calls with Telecommuting Advantage Group for expanded Telecommuting TERM
- ► Telework Center Radio spots air week of Nov 3<sup>rd</sup>.

PROJECT ELEMENT Month: Staff Contact: Edited By: Today's Date: Integrated Ridesharing 6133 October 2003 FY04 Owais Rafique Nicholas Ramfos December 8, 2003

## **Background Activities**

Routine physical maintenance continued with each of the kiosk sites and the kiosk software design and content. Communication problems were reported at Union Station and Ballston Common Mall.

The kiosk system was replaced at Springfield Mall and La Promenade. InfoExpress kiosk system information was updated at all locations. InfoExpress kiosk located at the Reeves Center was shut down due to building renovation. Staff is currently working with the host site to identify a new location within the facility.

Staff sent out letters to various public and private facilities to identify a location for the InfoExpress kiosk previously located at the Wal Mart in Woodbridge. Staff is currently in the process to move the kiosk at a temporary location until a permanent host site is identified. The Reston Town Center AutumnFest Kiosk promotion took place on October 18<sup>th</sup>. A Kiosk Ambassador was on hand to distribute literature, demonstrate Kiosk and encourage GRH registration.

Staff continued to work with Dulles Town Center Mall management and Manassas Mall management for the new InfoExpress kiosk deployment at their respective locations. Staff is currently finalizing the new designs and developing software modules for these specific locations. Staff worked the vendors to procure software, hardware, and other logistical peripherals.

Staff continued to work on the Park & Ride mapping functionality. New features include Zoom to a Geographic Area, updates to Layer and Legend frames and updates to spatial layer display and attributes. Routine maintenance was performed on the ArcIMS Web Server running the park & ride functionality.

The Commuter Connections Ridesharing software system was updated. Updates included installation of a new FTP server. Software modules were developed to enhance the backup process and real time logging functionality was designed to avoid any data loss. Staff is currently in a process to move the different client sites onto the new FTP server for data transfer.

Staff continued to work on the E-Communicator software system. Software maintenance was performed on the system and further changes were made to streamline the process. E-Communicator software enhancements were identified and user requirements were documented for future upgrades.

Staff attended an ArcView user's group meeting on September 26th.

#### **Products**

- September monthly usage statistics for InfoExpress kiosks.
  - Reston Town Center kiosk promotion.

#### **Problems Encountered**

- InfoExpress kiosk system was replaced at Springfield Mall and La Promenade
- Communication problems were resolved at Ballston Common Mall.
- Wal-Mart kiosk was removed by Wal-Mart Corporate offices.

#### **Future** Activities

- Deploy the integrated CCRS & GRH web-based system.
- Develop and implement a new permanent InfoExpress kiosk at United States Department of State.
- Evaluate effectiveness of Integrated Rideshare measure.
- Continue negotiations with potential Commuter Connections InfoExpress mobile kiosk sites by sending a direct mail piece to employers located in Northern Virginia and the District of Columbia.
  - Locate as new facility for the Wal-Mart kiosk in Prince William County.

## MONTHLY REPORT

PROJECT ELEMENT: Month: Staff Contact: Edited By: Today's Date: Employer Outreach 6134 October 2003 FY04 M. Hersey N. Ramfos December 8, 2003

## **Background Activities**

Monthly synchronizations from all of the employer outreach jurisdictions were received from the jurisdictions without any problems. Staff presented the FY2003 Customer Service Satisfaction Survey report to the Commuter Connections Subcommittee. The draft report was also presented to the Employer Outreach Ad Hoc Group Meeting on September 23, 2003.

Staff assisted the Telework Virginia project by processing survey request forms and supporting the Virginia-based outreach representatives.

Staff attended a meeting with NuRide representatives for an update on the AOL carpool project and evaluation guideline specifics on October  $6^{th}$ .

Staff Coordinated and assisted in the first professional development session for TDM sales with Sheila Lewin on October 9<sup>th</sup>. Though the attendance was low, the session was well received.

Attended the Dunn & Bradstreet Marketing and Sales Seminar on October 23<sup>rd</sup> on new sales services and information lead generation.

Staff helped coordinate the third installment of the Federal ETC training sessions in partnership with the National Capitol Planning Commission, the General Services Administration, US DOT, WMATA, Washington Area Bicyclist Association, and DC DOT.

Began coordination and planning for the November Sales Training session with Arnold Sanow. The session topic would be time management for sales people.

#### **Products**

October monthly sales activities Employer Satisfaction Survey FY2003 Report

#### **Problems Encountered**

Arlington County has not submitted their FY04 Budget worksheet for the FY04 Scope of Work

#### **Future Activities**

- Annual "COG to Locals" Regional Database Synchronization Process
- Continue maintenance of regional employer database
- FY03 Employer Customer Satisfaction Survey final report to be presented in November
- Edit, print and distribute Emergency Preparedness for the Commute brochure to employers in the region.
- Time Management sales training for November.
- Mid-Year sales support telephone calls.

Year to Date FY03

#### EXPLANATION OF JURISDICTIONAL ACTIVITIES DATA

Did not supply monthly report. \*\*New Metrochek for 100+ employers, may include accounts sold by regional employer outreach sales force. Each level represents TDM strategies implemented by an employer that will have some effect in converting single occupant vehicle commuters to ridesharing, transit, bicycling or walking as their main commute mode. Level 1 represents strategies that produce only a small amount of SOV conversion. The strategies for each subsequent level have greater SOV conversion impact.

- A. Employers Contacted (new): Number of contacts with new 100+ employers. This number refers to first time contact with employers; these employers have never been approached (includes phone calls, letters, email, faxes and voicemails)
- B. Employers Contacted (follow- up): Number of contacts with existing 100+ companies. These are contacts with employers after the first attempt (includes forms of contact listed above).
- C. Total Broadcast Contacts: Mass outreach (includes direct mail, faxes, emails)\*\*NEW
- D. Total Sales Meetings: Number of in person contacts with new and existing employers for the purpose of discussing the Commuter Connections program (includes one on one meetings and employers attending seminars and presentations; excludes transportation fairs)
- E. Total Employers Contacted: A + B + C+ D

F. New Level 1 TDM Programs: Number of Level 1 programs implemented in previous month; more detailed information on these

programs must be entered into the ACT database.

- G. New Level 2 TDM Programs: same as above
- H. New Level 3 TDM Programs: same as above
- I. New Level 4 TDM Programs: same as above

# **EMPLOYER SERVICES PARTICIPATION LEVELS**

LEVEL 1 (BRONZE)

- Expresses interest in telework, transit benefits, Metrochek, Ozone Action Days, or other TDM strategy,
- Conducts Commuter Survey
- Distributes alternative commute info. to employees, including Ozone Action Days info.
- Posts alternative commute info., including Ozone Action Days info., on employee bulletin board(s), newsletter or e-mail

#### LEVEL 2 (SILVER)

- Installs a permanent display case or brochure holders and stock with alternative commute info. or Ozone Action Days info.
- Provides preferential parking for carpools and vanpools
- Implements an informal telework program
- Facilitates car/vanpool formation meetings
- Hosts/sponsors an alternative commute day or transportation fair
- Implements alternative work schedule program (flex-time, staggered work schedule, compressed work week)
- Installs bicycle racks or lockers
- Establishes an ETC who regularly provides alternative commute information to employees

#### LEVEL 3 (GOLD)

- Implements a formal telework program
- Implements a transit/vanpool benefit, Metrochek, or parking "cash out" program
- Implements a carpool/bicycle/walk benefit
- Provides free or significantly reduced fee parking for carpools and vanpools (valid only for companies where employees pay for parking)
- Implements a parking fee (valid only for companies that previously did not charge employees for parking)
- Becomes a Commuter Connections member and provides on-site ridematching
- Provides employee shuttle service to transit stations
- Provides company vanpools for employees' commute to work
- Installs shower facilities for bicyclists and walkers
- Implements a comprehensive Ozone Action Days program
- Supplements GRH program with payment for additional trips or own program

#### LEVEL 4 (PLATINUM)

Implements two or more of the Level 3 TDM programs and actively promotes these programs and alternative commuting

PROJECT ELEMENT Month: Staff Contact: Edited By: Today's Date:

## Guaranteed Ride Home 6135 October 2003 FY04 C. Arabia N. Ramfos December 8, 2003

#### **Background Activities**

During October, COG received 937 applications for the GRH program. A total of 567 new applicants were registered (553 new applicants and 14 previous "one-time exception" users) and 437 commuters were re-registered. The GRH program provided 246 GRH trips. Thirty (30) of these trips were "One-Time-Exceptions" accounting for twelve percent (12%) of the total number of GRH trips provided. Childcare or illness accounted for the largest portion of GRH trip reasons followed by personal illness. A total of 28,245 commuters are currently registered for GRH.

The GRH Ad-Hoc Group met on October 21. During the meeting, COG staff reviewed FY03 program usage, registrations, applications and costs, the GRH trip arrangement contractor, Diamond Transportation Services, Inc., reviewed the daily trip arrangement and re-registration activities, and COG staff reviewed the FY04 GRH marketing efforts and FY02 customer satisfaction survey results. The Ad-Hoc Group also reviewed the GRH Participation Guidelines and recommended changes to guideline #5 to note that the GRH service is not for medical emergencies where the user needs emergency medical treatment, guideline #6 regarding calling for use because of unscheduled overtime, guideline #7 to note that the GRH program is closed when the Federal Government is closed, and guideline #10 to note that the GRH trip must begin at the commuter's work location. The Ad-Hoc Group agreed with a request made by Rappahannock-Rapidan Regional Commission to list Culpeper and Orange counties in the list of counties and cities where a commuter may live to be eligible for the GRH program. The Ad-Hoc Group did not support a request from Tri-County Council for Southern Maryland to add St. Mary's County to the list of counties and cities where a commuter must work to be eligible for GRH. COG staff would follow up on these two requests with VDOT and MDOT, respectively. The recommended changes to the Participation Guidelines will be presented to the Commuter Connections Subcommittee for review on November 20

Two new GRH radio advertisements began airing in October. The radio spots touch upon the underlying frustration experienced by commuters that would motivate them to try an alternative commute mode. The creative for GRH mailer and zip code distribution areas were finalized. The GRH radio commercials began to air on Oct 20<sup>th.</sup>

#### Products

Provided 246 GRH trips.

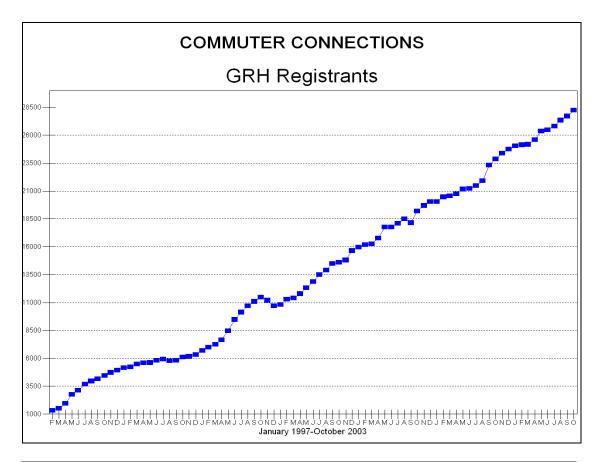

Received 937 applications. Registered 567 new applicants, including 14 "one-time exceptions." Re-registered 437 commuters. Received 328 calls for GRH information. Contacted "expiring" registrants by telephone. Database management. GRH server maintenance. October monthly performance report.

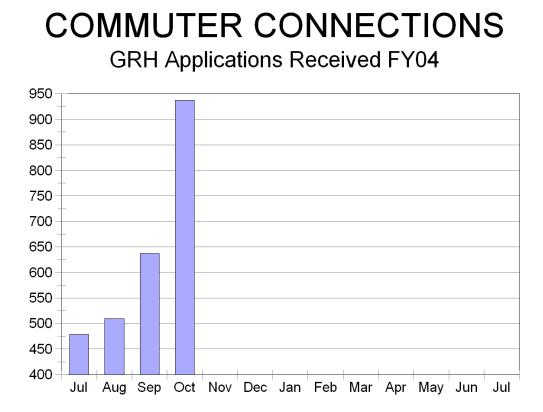

# **Problems Encountered**

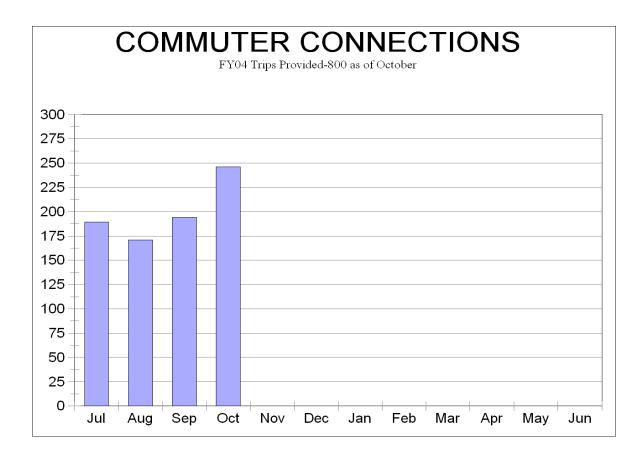

None.

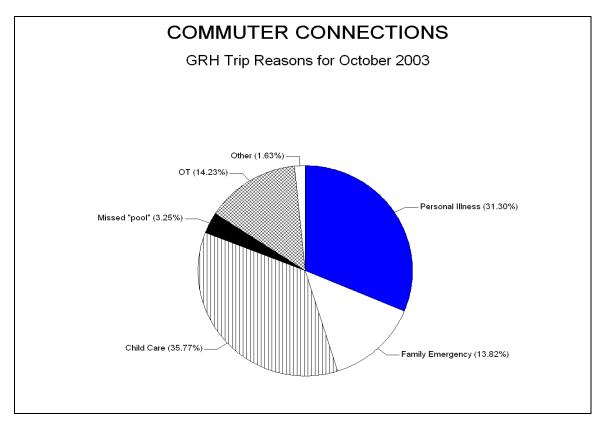

# **Future Activities**

- COG staff will continue to work with their software contractor to update GRH software as needed.
- Continue surveying of GRH users.
- Continue to re-register GRH commuters that reached their one-year expiration date.
- Produce progress reports.
- Continue overall operations of GRH program.
- Distribute GRH information at alternative transportation events and via COG staff and Employer Services representatives.
- Test new archive feature and archive "Expired" commuters and perform overall database maintenance.
- Integrate GRH database management software system with regional CCRS software system.
- Distribute GRH postcard mailer to over 450,000 households in the region.
- Evaluate Fall Regional TDM Marketing Campaign to promote GRH.

PROJECT ELEMENT: Month: Staff Contact: Edited By: Today's Date: Employer Outreach for Bicycling 6136 October 2003 FY04 M. Hersey/M. Farrell N. Ramfos November 21, 2003

#### **Background Activities**

Staff coordinated and led the October 3<sup>rd</sup> Bike to Work Day 2004 Steering Committee kickoff meeting. Highlights from the meeting included a discussion on the purpose and goals of the 2004 event, overall coordination for the 2004 event.

Met with NCPC and GSA on October 1<sup>st</sup> and 28<sup>th</sup> to plan a workshop for Federal Employee Transportation Coordinator Training session. Prepared presentations for the ETC Training.

Staff continued to work on the preparation of the 2003 Bike To Work Day draft report.

#### Products

Power Point presentation on bicycling trends in the Washington Region. Power Point Presentation on GRH and Bicycling in the metropolitan region.

#### **Problems Encountered**

None.

#### **Future Activities**

Update the current Bicycle Guide by late Fall 2003. Review possibility and options of providing the Bicycle Guide in Spanish. Hold employer-based outreach seminars with WABA. Update ADC map for publication by December. Prepare and distribute 2003 Bike To Work Day Draft Report. Continue planning for 2004 Bike To Work Day event.

PROJECT ELEMENT Month: Staff Contact: Edited By: Today's Date: Regional Mass Marketing Campaign October 2003 FY04 D. Franklin N. Ramfos December 8, 2003

6137

#### Background Activities

- Prepared final editing and distributed the 2003 TDM Resource Guide and Strategic Marketing Plan document.
- ▶ Attended Initial Bike to Work Day 2004 Steering Committee meeting on October 3<sup>rd</sup>.
- Presented final mass marketing TV and radio spots at Regional TDM Marketing Group meeting on October 7th.
- Met with Dudnyk upper management on October 7th regarding staff changes at agency to determine impact on contractual obligations.
- ► Staff began working on Commuter Connections Fall 2003 Newsletter.
- ▶ Transferred Extranet from Dudnyk to COG on October 10<sup>th</sup>.
- Solicited for spokespeople and worked with OPA and PR consultant to send out Press Release for Mass Marketing Campaign. Media coverage included:
  - Radio Interviews- WTOP, WMAL, WAMU
  - Print Washington Post
  - TV Montgomery County Cable
- Met with Dudnyk on PRIZM Analysis October 15<sup>th.</sup> GRH database (minus names) was profiled to identify populations with highest propensity to use alternative transportation and GRH.
- Edited draft of mid-year Campaign summary for Mass Marketing, GRH and Telework Terms.

#### Products

- Various meetings and presentations and conference calls
- > 2003 TDM Resource Guide and Strategic Marketing Plan document
- ► Press Release for Mass Marketing Campaign

# **Problems Encountered**

None.

# **Future Activities**

- Meet with internal COG Access For All staff November 13<sup>th</sup> to discuss promotion of Limited English Translation services.
- ► Determine evaluation methodology for Mass marketing TERM.
