October 23, 2024

Jeff, Robert ...

We are submitting the attached comments on behalf of the individuals listed at the bottom of the comments. As you know the Cheverly area has begun to work with the DC EJ Coalition and EmpowerDC on issues of common interest.

If you would like to meet again with the small group you met with earlier, to discuss strategies and strategy selection criteria, we would be happy to participate.

If we are unable to attend the 10/23 meeting, could you please have COG staff read or summarize our comments for the Subcommittee.

Tad Aburn, who works with all of our groups, will be at the meeting and can answer any questions.

Thanks for your efforts on this critical plan.

Julia Mosely, EJAT Team Leader

Ray Mosely, EJAT Team leader

MWAQC Environmental Justice Subcommittee Meeting - October 23, 2024

Thank you for continuing to seek input from the public on the MWAQC Environmental Justice (EJ) Action Plan. As the COG staff knows, EJ communities in Maryland and DC have begun to work together ... and that there are many issues going on every day in the different EJ areas we represent. We encourage COG staff to continue to sit in on the standing bi-weekly coordination meetings that our different groups hold.

We wanted to let you know that we support the comments submitted by Tad Aburn, and would be happy to work with COG staff on the Priority Action List in a session similar to earlier informal sessions set up by COG staff that are less constrained than the more formal public comment process used during Subcommittee meetings.
