

NATIONAL CAPITAL REGION TRANSPORTATION PLANNING BOARD

Item #9
Travel Forecasting
Subcommittee
9/19/2014

ANNOUNCEMENT

Formation of the National Capital Region

Vehicle Probe Data Users Group

In order to enhance regional coordination, consistency, and capabilities in the use of vehicle probe-based traffic data toward performance-based transportation planning and programming, a Vehicle Probe Data Users Group (VPDUG) is proposed to be established as a sub-group of the Management, Operations, and Intelligent Transportation Systems (MOITS) Technical Subcommittee. Representatives of TPB member agencies are invited to attend.
