TPB Technical Committee  
September 9, 2016

# Climate Change Time Line

---

## **October, 2014**

TPB and MWAQC affirmed the region's greenhouse reduction goals and committed staff and resources to support a multi-sector, multi-disciplinary professional working group

## **January, 2015**

Multi-Sector Working Group formed and consultant team brought on board

## **July, 2015**

Interim Technical Report completed

# Climate Change Time Line

---

## **October, 2015**

Findings presented to COG Board

Staff with assistance of a policy level working group, to develop a consensus recommended package of GHG reduction strategies for incorporation into a regional action plan

## **January 2016**

Policy level working group met and directed staff to perform survey local, state and regional staff

## **March, 2016**

Staff surveyed 30 local, regional and state agencies to gauge feasibility and reasonableness of strategies

# Climate Change Time Line

---

## June 2016

21 agencies responded and staff have compiled the results of the survey for presentation to the policy level working group.

## Next Steps

- Reconvene the policy working group and develop recommended strategies for action plan
- Present recommended strategies to COG Board and Policy Boards
- Develop Action Plan to implement the recommended strategies.
