## BACKGROUND and EXECUTIVE SUMMARY

Bike to Work Day has been held annually in the Washington metropolitan region for over a decade and was originally started by the Washington Area Bicyclist Association with a main rallying point or pit stop in downtown DC. In September 2000, The National Capital Region Transportation Board (TPB's) Commuter Connections program, housed at the Metropolitan Washington Council of Governments, partnered with WABA to form a regional Bike to Work Day Steering Committee to examine the feasibility of adding additional Bike to Work Day pit stops or rallying points throughout the region in 2001, thus creating a larger awareness of using cycling to work as a viable commuting alternative. Since that first involvement with Bike to Work Day in 2001, registration for the event has grown exponentially with more participants signing up every year.

More than 18,700 bicyclists registered for Bike to Work Day 2017, a 6.8 percent increase over 2016. The May 19th event was held at 86 local pit stops, including a total of nine afternoon pit stops. Several bicycles were raffled off and the first 16,000 registrants who attended received a free BTWD 2017 T-shirt.

The approximate breakdown of registrants by pit stops was:

Bicyclists enjoyed free T-shirts, snacks, participated in prize drawings, and heard live bands as well as music spun by DJs, and listened and talked to elected officials. Commuter Connections secured \$54,550 in cash sponsorship donations that went towards the overall regional marketing efforts.

The success of the marketing promotion campaign relied upon targeting of employer and commuter audiences, identification of cost-effective mediums, crafting key messages, and procuring giveaway items such as t-shirts and water bottles designed to attract commuters to try bicycling to work.

The Steering Committee's resources to reach its registrant goal for Bike to Work Day 2017, included:

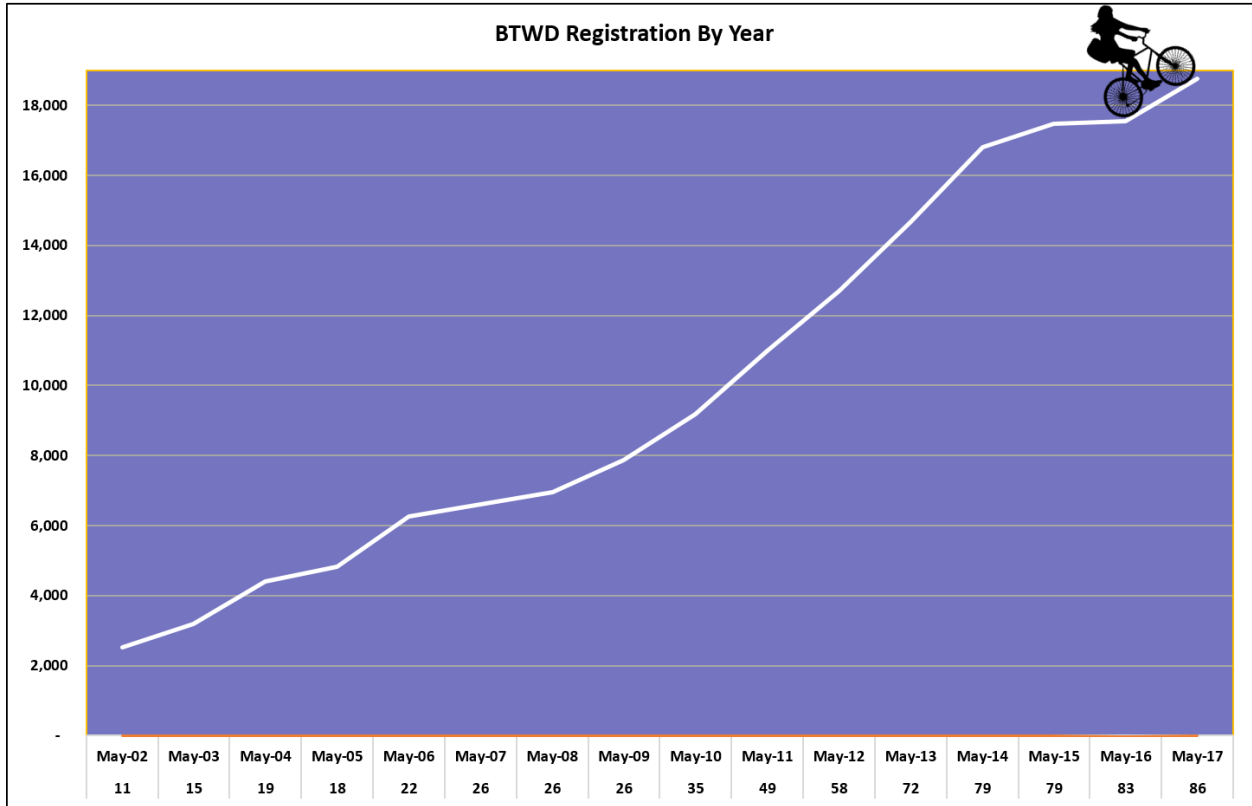

- Web site designed and maintained by Commuter Connections.
- Posters and rack cards developed and printed by Commuter Connections.
- Promoting the event through WABA's membership.
- Providing links from the local Transportation Management Associations' (TMA web sites to WABA's site).
- A radio campaign produced and placed by Commuter Connections.
- Outreach to employers through a direct mail and email marketing campaign by Commuter Connections.
- An article in the Commuter Connections employer newsletter.
- Local marketing efforts by the various pit stop managers.
- An e-mail to previous year's participants by Commuter Connections.
- Banners designed and printed by Commuter Connections.
- A public affairs outreach effort through the Metropolitan Washington Council of Governments Office of Communications and WABA.
- The design and distribution of free t-shirts by Commuter Connections.
- Donated giveaway prizes obtained through bikes@vienna, and BicycleSPACE.

In addition, 20 confirmed bicycling convoy routes were identified by WABA along with route leaders who assisted novice and experienced cyclists through the routes. Each route traveled to a pit stop where cyclists received free refreshments, t-shirts and other giveaways. Many pit stops had additional activities for bicyclists and are described later in this report.

Since 2000, the COG/TPB's Commuter Connections program has worked to increase awareness of bicycling to work as a viable commute option by joining with the WABA in their efforts to promote and coordinate the region's annual Bike to Work Day event. Commuter Connections created and maintains a regional marketing effort that helped to increase the number of cyclists participating in the yearly event from 1,100 in 2001 to 18,700 in 2017. Although it accounts for a small percentage of the overall regional commute mode split, bicycling helps reduce traffic congestion, improves air quality, and provides a healthy commute alternative for those commuters who choose to use it as a sustainable means of transportation to and from work.

Since 2006, the Bike to Work Day Event has a budget line item for the Commuter Connections Work Program. Commuter Connections is funded by the District of Columbia, Maryland, Virginia, and U.S. Departments of Transportation.

## HIGHLIGHTS FROM AREA PIT-STOP

**Adams Morgan:** We were forced to relocate our pit stop because of construction in Unity Park this year, but despite that setback a couple weeks before BTWD, we had a banner year. With over 650 cyclists registered, and perfect weather, our pit stop was packed from start to finish. BicycleSPACE and City Bikes each set up tents to help riders tune their bikes and both of them donated valuable gear to our raffle. Tryst was back with us again this year, donating fresh coffee, bagels, and bananas, and our newest partner -- The LINE Hotel -- was out refilling water bottles for the thirsty commuters. The LINE Hotel also provided freshly baked breakfast bars. We had a great group of volunteers including several from WABA, GoDCGo and our own ANC1C who helped the event run without a hitch. Councilmember Brianne K. Nadeau stopped by to help with our raffle. As per usual, we donated our remaining BTWD t-shirts to the Columbia Heights pit stop for their evening riders. Dan and his folks really appreciated the extra shirts.

**Alexandria – Carlyle:** In its 6th year, the Carlyle Pit Stop continues double digit growth with a 13% jump in registered bicyclists over 2016. Carlyle's popular local eateries stepped up to offer freshly made breakfast items and Starbucks coffee. Carlyle's local businesses were present with fun giveaways. And representatives from bicycling shops and groups offered advice, maps and on-the-spot bike maintenance. Carlyle's nonstop raffle gave away many gifts including a 2-night stay at The Westin Alexandria. Carlyle Council, the Pit Stop host, gave away bike lights and sponsored a Snapchat Geofilter contest. The talented Alan MacEwen played guitar, trumpet and sang. Carlyle's Pit Stop generous sponsors donated food, raffle gifts, volunteers and exhibit items:

Alexandria Renew	Simpson Properties
Access National Bank	The Westin Alexandria
Carlyle Council	USPTO
Carlyle Center	Starbucks
JM Zell	Sweetfire Donna's
One Life Fitness	Wheel Nuts
Panera	Whole Foods

Pure Barre	Xtend Barre
Potbelly	Velocity Coop
Post Properties	BPAC

WABA	Commuter Connections

**Alexandria – Del Ray:** The event was held at Colasanto Park from 6am to 9am. There were 278 registrants for the pit stop.

**Alexandria – Mark Center:** The event was held at the North Parking Garage bicycle parking area from 7am to 9am. There were 95 registrants for the pit stop.

**Alexandria - Old Town:** There were 545 registrants. Registrations were up nearly 10% over 2016. The event was held from 6:30am to 8:30am at the Market Square at Alexandria City Hall.

Thanks to the gorgeous weather and the participation of our community partners, the Old town Alexandria, Market Square pit stop was a huge success. Wheel Nuts, Bicycle Pro Shoppe, Nando's, Spokes, Massages by Marc, Port City Brewery, Bicycle Pro Shop, DASH and GoAlex donated prizes which allowed us to raffle off six great give away prizes valued at \$30-\$100 every 30 minutes from 6:45 to 8:15 am.

Many thanks to; Brugger's who donated bagels, Enterprise coffee, Harris Teeter water, cookies and chips, Trader Joes water and bananas, Sugar shack donuts and Misha's donated coffee.

Among our sponsors were, Wheel Nuts, WABA, Sugar Shack, GoAlex Mobile Store, Vitamin Shoppe, Eco City, Lukemia & Lymphoma Society, Misha's, Trader Joes, BPAC, Vision Zero, Metropolitan Headache and Spine Center, Nando's, and MOM's Organic Market. Without them this event would not have been such a great success.

Our annual DJ Tracy Foust played a good set of upbeat music to keep the crowd pumped up as t-shirts and water bottles were handed out at registration. Johnathan Krall our MC kept the crowd engaged. Many thanks to City of Alexandria Mayor Allison Silberberg who was in great support of this event. We had over 10 City of Alexandria volunteers who graced the event with the beautiful white GoAlex Polo's.

**Anacostia:** Rainy weather was in the forecast for the day, but all we got in Anacostia was sunshine! Claudia Pors, BDM of Residential Services and Lester Wallace, Community Partnership Manager represented goDCgo with Capital Bikeshare freebies. Included among the selection were free 24-Hour memberships, "I <3 DC Bike Lanes" pin buttons, and the brand new 2017 DC Bike Map. Attendees who were among the first 16,000 to register could pick up their Bike to Work Day t-shirts.

Nikki Peele from reSpin for Southeast Love and the Anacostia BID, and Irfana Noorani from 11th Street Bridge Park handed out t-shirts information about plans for the park connecting both sides of the Anacostia River in southeast. Two volunteers from WABA also were there to share information about the association and register new members.

Breakfast was provided by Artdrenaline Café and Chef Shawn Lightfoot, an Anacostia staple. Bicyclists received granola bars, fruit and juice to fuel up for the rest of their commute.

There were 73 registrants for the Anacostia pit stop, including a few who registered when they arrived that morning. Other cyclists also joined without registering, and

passersby approached to ask about the event or how to start biking in the city. The pit stop was open from 7-9am.

**Anacostia River Trail/River Terrace:** The event was held at the River Terrace Park 7am to 9am. There were 49 registrants for the pit stop.

**Arlington – East Falls Church:** The event was held at the East Falls Metro Station from 6:30am to 9:30am. There were 163 registrants for the pit stop.

**Arlington – Rosslyn, Columbia Pike, Shirlington, Ballston, and Two Happy Hour:** Bike to Work Day 2017 was a huge success! Arlington had a total of 8 pit stops, 5 of which were coordinated by BikeArlington. Rosslyn and Ballston were directly run by BikeArlington, Shirlington and Columbia Pike had the assistance of Phoenix Bikes and the Columbia Pike Revitalization Organization, respectively. The Shirlington afternoon Happy Hour was assisted by MORE (Mid-Atlantic Off-Road Enthusiasts) and New District Brewing. The new Heavy Seas Alehouse pit stop was supported by the restaurant and BikeArlington. BikeArlington also helped to provide marketing for the East Falls Church and the Crystal City stops. In total, there were more than 3,056 registrations in Arlington, marking 12% growth over 2016 and the first time Arlington registrations have broken 3,000 folks countywide. Rosslyn had 1,104 registrations, Ballston had 551, Crystal City had 627, Columbia Pike had 198, East Falls Church had 163, Shirlington had 236, Heavy Seas Alehouse had 80 and New District Happy Hour had 100.

The Rosslyn pit stop was again held at Gateway Park and the Ballston pit stop was held at Freshbikes bike shop. The Columbia Pike location was held at Penrose Square and the Shirlington was located just outside the public library. DJs played a good set of upbeat music to keep the crowd pumped up as t-shirts were handed out at registration. An instant winner raffle/giveaway was implemented again this year with prizes for each cyclist. In addition to small prizes for everyone, more than 270 medium prizes valued at \$10-\$30 and more than 170 large prizes valued at \$30-\$100 were given out between all pit stops. Two afternoon pit stops were held, a first-time location at Heavy Seas Alehouse, which offered bike valet and giveaways. New District Brewing's pit stop returned for the second year, supported again with well-utilized temporary bike racks used by the 250 attendees. 150 co-branded pint glasses were distributed to attendees. Refreshments included bagels, granola bars, bananas and coffee from Java Shack/Commonwealth Joe's. Rosslyn was joined by District Taco and KIND Snacks, providing free breakfast tacos and breakfast bars. In Shirlington Best Buns provided the refreshments and at Columbia Pike there was pie from the Acme Pie Company and donuts from Sugar Shack. Ballston was joined by local restaurants sweetgreen and Nando's PeriPeri as well as Naked Juice, which all supplied samples and small giveaways to riders. The Rosslyn BID supported this year in a huge way, offering all riders a choice between socks and water bottles, smoothies from Jamba Juice and a photo booth for riders. A unicyclist delighted folks at Ballston dressed as a business person (complete with lap stop) and giant games were available to play at all morning stops. Minor bike repair and tune-ups were offered at all stops—provided by Freshbikes in Ballston, Trek Bicycles Clarendon in Rosslyn, Papillon Cycles at Columbia Pike, and

REI and Phoenix Bikes at Shirlington. Sign spinners directed cyclists to the pit stops. The Rosslyn pit stop was attended by Arlington County Board member Jay Fisette, who spoke about the importance of biking as a fun and reliable transportation option. Partner organizations on-hand included: KIND Snacks, Voter Registration, Arlingtonians for a Clean Environment, Friends of the W&OD Trail, MORE, ACE Physical Therapy, Sports Medicine Institute, Acme Pie, Alegra, Arlington Action Committee, Arlington County Democrats, Arlington Initiative to Rethink Energy AIRE, Arlington Sports, AFA Cycling Classic, Arlington's Car-Free Diet Program, Arlington Transportation Partners, ART Bus, Art of Massage, Ballston BID, Beth Burke Farrar - Acupuncture, Capital Bikeshare, Center for Orthopedics and Sports Medicine, Inc, Conte's Bike Shop, City Bikes, C-PRO, District Taco, E.G. The weather was great, so almost all of the registered attendees showed up, including many day-of registrants as well. A special thanks goes out to all the committed partnering organizations as well as all the amazing volunteers, without which such a successful event could not have come to fruition again.

**Bethesda:** The Bethesda Pit Stop had 463 participants check in on-site and 723 bicyclists pre-register.

MD State Delegate Ariana Kelly once again served as the official Bike to Work Day emcee. This year's program included Proclamations from the State Comptroller, Montgomery County, the State of Maryland, as well as from US Senator Chris Van Hollen. The complete list of speakers included:

Delegate Kelly and BTS Director Kristen Blackmon presented Bethesda's 14th Annual Bicycle Commuter Spirit Awards. This year's winners were John Maleri, Veronique Marier, and Chris Muffels. All three of our winners showed tenacious spirit and dedication in their long years of bike commuting in all types of weather, as well as a commitment to the environment.

The Bethesda Pit Stop was mentioned in press releases from the Maryland Department of Transportation, and the Office of the Maryland State Comptroller. **Columbia Heights:** A fine, warm day was interrupted by a brief shower, but that didn't discourage many riders that gathered at the plaza in Columbia Heights for the seventh Bike to Work Day afternoon pit stop. Sixty-six cyclists who had signed up for earlier stops joined over one hundred of us, sharing camaraderie and savoring the pleasant evening.

Thanks to our ten volunteers, fruits and beverages were distributed, along with T-shirts (thanks *WABA* and *MWCoG!*) and water bottles (thanks *goDCgo!*) beneath our banner (fluttering from a central *Park Triangle* balcony). Congrats to Andrew, Douglas, Imani, Laura, Lindsey, and Thomas – our prize-winners: the continuous individual drawing method spread the winners throughout the afternoon and eliminated the need to wait or be contacted, and kept the participants' interest piqued. Thanks to *Bicycle Space* for sponsoring the tune-up station (which was packed throughout the entire event!) and the Third District Police and *WABA* for spending the afternoon with us, once again!

**Crystal City:** The weather was perfect for the Seventh Annual Crystal City Bike to Work Week. Throughout the week we had guests from Pure Barre Pentagon City, CrossFit South Arlington, Holistic Point, and WABA stop by to greet cyclists, and both Phoenix Bikes and Velofix provided riders with free safety checks and adjustments.

Many of the people were riding into Alexandria in Virginia, or to Joint Base Anacostia-Bolling in DC just north of Oxon Cove Park. Two separate convoys passed through and a number of cyclists mentioned visiting multiple pit stops along their route.

Morning commuters snacked on granola bars and fresh produce for breakfast, courtesy of *MOM's Organic Market*, and helped the Edmonston Green Team plant flowers in our newly-renovated Veterans' Park. In the afternoon, folks enjoyed dinner from *La Fondita Mexican Restaurant* and hopped on *ECO City Farms'* popular smoothie bike to blend their own healthy and delicious smoothies. At both pit stops, cyclists grooved to acoustic tunes played by Maureen of the *Anacostia Watershed Society* and recycled old house parts from *Community Forklift* into hardware wind chimes they could hang on their bikes.

**Reston:** We had 521 registered participants for BTWD. Of those registered, 292 rode to the Wiehle-Reston East Metrorail Station. **Riggs Park:** Our inaugural "Riggs Park @ Seabury" afternoon pit stop was festive and fun. We had 24 cyclists register for our stop and 42 cyclists visit the stop. Shoppers of Takoma Park provided fruit, snacks, and water, and MedStar National Rehabilitation Network provided demos of four adaptive cycles (two recumbents and two hand cycles). Visiting cyclists took them for a spin in our cordoned off parking lot. Underneath our tent, Washington Area Bicyclists Association (WABA), GoDCGo, and Capital Bikeshare provided information and swag in addition to Seabury's literature and giveaways. Rails-to-Trails exhibited with info and giveaways promoting the Capital Trails Coalition, the organizing entity behind a planned multi-use trail linking existing trails. (Blair Road is the footprint of the planned last leg of the Metropolitan Branch Trail between Fort Totten and Silver Spring Metro stations.) Rain threatened and it was hot (91 degrees!) but we were spared any precipitation in the end.

**Rock Springs:** The event was held at the Marriott International Headquarters from 6:30am to 9am. There were 89 registrants for the pit stop.

**Rockville Falls Grove:** The event was held at the Falls Grove Village Center from 6:30am to 8:30am. There were 203 registrants for the pit stop.

**Springfield:** We had another successful BTWD at the Springfield/Metro Park pit stop. We had 101 pre-register for our pit stop, several “bike-ins” and the usual cyclists who start their trip with us but opt to register for, and pick-up their t-shirt at, a destination pit stop. Our first cyclist came through at 5:45 a.m. as we were setting up. Even though our pit stop didn’t officially open until 6:30 a.m. we were able to accommodate him with his t-shirt, bottled water and some healthy snacks. The coffee and donuts didn’t arrive until 6:15 a.m. Since our pit stop is not only a starting point for many cyclists, but also a destination (we’re in a Class A office park,) we had our last rider arrive at 8:50 a.m. (even though we officially closed at 8:30 a.m.) We continue to have committed, local sponsors at our pit stop: CALIBRE, Greater Springfield Chamber of Commerce, Hilton Springfield, Honest Soul Yoga, Metro Park, Performance Bicycle and the Transportation Association of Greater Springfield. FABB is also a regular participant, and provider of information, at the Springfield/Metro Park pit stop.

**Sterling:** More than 200 of the 300-plus pit stop registrants visited Sterling on Bike to Work Day 2017. The event was supported by long-time host Orbital ATK. Though many Orbital ATK employees were unavailable due to a new compressed work schedule, the tradition of a warm welcome in Sterling continued, with a team serving fruit, snacks, beverages and pastries to all. The Sterling Ruritan Club, a building adjacent to the W&OD, was available for participants in need of restroom facilities and/or shelter. Bike racks were placed in a designated parking area. This new measure was an effective improvement as safety cones helped direct bike traffic to an “exit lane” from the W&OD Trail. Adjacent to bike parking were helpful mechanics from Spokes Etc., who had a constant stream of visitors seeking minor adjustments. Loudoun County Commuter Services’ staff distributed T-shirts and giveaways: LED lights and colorful, bike-themed multi-functional headwear. Teams from Envision Loudoun, Loudoun Water, Dulles Metro, Nando’s Peri-Peri and BikeLoudoun shared giveaways and information. Several cyclists won bike gear through a random selection. One participant, who ironically was present during the drawing, won a new bicycle at the end of the event.

**Suitland:** We had a successful pit stop in Suitland, organized by the Census Cycling Club-- 22 people stopped in. For most, the Suitland Federal Center was the destination; however, we did have some who were passing through Suitland to other locations. Special thanks to Prince George's County Department of Public Works and Transportation for providing lights and other giveaway items and helping staff the pit stop.

We had two convoys coming out to Suitland. The SW Waterfront to Suitland convoy had 6 cyclists, three of whom started in Virginia and met up with the other three in Southwest. The Laurel to Suitland had three cyclists. The two convoys arrived at the pit stop within minutes of each other. All agreed that after climbing the hill up Massachusetts Avenue SE and then up Suitland Road, the pit stop was a welcome sight.

Highlight: this was the first Bike to Work Day for one of the SW Waterfront convoy riders. She saw the flyers we posted around the Census Bureau, checked out the Bike to Work Metro DC website, found the info about the convoy, and decided she would give it a try. She had never thought about biking to work before, but now is considering doing so again.

Giveaways for the event were provided by Capital Bikeshare, goDCgo, and League of American Bicyclists. The Wharf provided snacks, water, and free reusable bottles for all the attendees who stopped by on their way back from work. Live music was provided by Moonshine Society. We look forward to increasing our numbers for next year's Bike to Work Day!

**Twining:** The event was held at 2700 Pennsylvania Ave from 7am to 9am. There were 20 registrants for the pit stop.

**Union Market (DC):** Union Market hosted it's second Pit-Stop this year and hosted in both the morning and evening. The morning was a huge success, seeing more than half of our registrants. Peregrine offered coffee, Buffalo and Bergen gave out bagels, Trickling Springs Creamery gave out chocolate milk and yogurt, and Elcore was here giving away water and energy bars for all our riders. The afternoon was slower with bikers showing up in spirits. It rained pretty hard around 5 and that seemed to stop people from coming. We had Gearin Up here in the afternoon offering quick safety checks and tune-ups for people.

This was held in front of the historic FDA Building 1. LTMB had 6 volunteers that provided refreshments to include; water, coffee, juice, doughnuts, muffins, fruit and each bicyclist registered for our pit stop received a 2017 BTWD T-Shirt. The first bicyclist arrived around 6:40 a.m. and eventually had 97 bicyclists used the pit stop. Of those, 16 were from outside organizations. The final number of registered bicyclist for the White Oak/FDA pit stop was 146, an increase of 23% from the previous year. A great sunny day for those who chose to bike to work and a great time had by all.

### **TOMORROW: Prince George's County Waives Fares for Bicycles on *The Bus*, Establishes Regional 'Pit Stops' to Support "National Bike to Work Day"**

**LARGO, MD** – On Friday, May 19, 2017, Prince George's County will waive fares for passengers bringing bicycles onto *TheBus* to support "National Bike to Work Day". That day, the County's Department of Public Works and Transportation (DPW&T) will also be disseminating bike maps, and bike safety and mobility information to the community and supporting ten special pit stops in the County that will assist bicyclist throughout the day.

"Bicycling promotes connectivity to and within communities, all while protecting the environment and improving people's health," said Prince George's County Executive Rushern J. Baker. "We want to encourage residents to explore using bicycling and transit options to get to work. Over the last six years we have added more bike lanes and biking friendly amenities and options throughout the County – including expanding bike share options that will be coming soon to more communities. Bike friendly communities are becoming more desired to home buyers and the business community and I am committed to making sure Prince George's County is on the right path for County bicyclists."

"Two years ago, DPW&T installed bike racks on all of our transit buses. We are pleased to take another next step to further encourage bicycle and transit connectivity by waiving fares for travelers who bring their bikes on *TheBus* on Bike to Work Day," said Darrell B. Mobley, Director, DPW&T.

May is National Bike Month, Bike to Work Week is May 15-19, and "National Bike to Work Day" on May 19th. For bicycle maps and safety tips click on the following links:
