- 6:50 — 7:10**      **Discussion of CAC Outreach Meetings for 2004**  
At its April meeting, the CAC decided to devote the remainder of its public outreach meetings for 2004 to the subject of the Regional Mobility and Accessibility Study. The CAC will discuss basic principles for how these public forums should be developed and organized.
- 7:10 — 7:40**      **Discussion of Ways to Improve Website Postings of Public Comments**  
As part of the amendment process for the CLRP earlier this year, the TPB received more than 2,500 written comments on the Intercounty Connector. For the first time, TPB staff posted all public comments on the COG website. Some observers have noted that the arrangement of the comments on the website made it difficult to sort through them and easily locate particularly important comments. The CAC will discuss methods for improving the process of sharing public comments, especially during periods of high volume. Andrew Austin, the TPB's webmaster, will be on hand to discuss potential changes.
- 7:40 – 7:50**      **Upcoming TPB Agenda**  
Ron Kirby, Director of COG's Department of Transportation Planning, will describe issues that will be coming before the TPB in June.
- 7:50 – 8:00**      **Other Business**
