Conference ID: 123 485 935#

AGENDA

- 10:00 A.M. 1. WELCOME, INTRODUCTIONS AND ANNOUNCEMENTS (MM #1)**
Jason Papacosma, WRTC Chair, Arlington County
- 10:10 A.M. 2. FREDERICK COUNTY INLAND FLOODING MITIGATION EFFORTS (MM#2)**
Shannon Moore, Manager, Sustainability and Environmental Resources, Frederick County
- Ms. Moore will discuss a recent flooding vulnerability study and the county's efforts to find outside funding to help address these issues.
- Action: Receive briefing
- 10:30 A.M. 3. WRTC CLIMATE RESILIENCY FOCUS (MM#3)**
Chair Papacosma and members
- COG is seeking input on regional actions COG can take to assist members in their growing efforts to address flooding and associated climate resiliency issues. Mr. Papacosma will lead a discussion on what actions COG can pursue in 2021 to address this issue, to include potential speakers, workshops, dialogue with state/federal regulatory and policy officials, and other steps.
- Action: Develop a flooding-climate resiliency work program for the committee in 2021
- 11:00 A.M. 4. EVALUATING THE GREEN INFRASTRUCTURE ASPECTS OF DC WATER'S CLEAN RIVERS PROJECT (MM#4)**
Seth Charde, DC Water Clean Rivers Project
- Mr. Charde will discuss some of the lessons that DC Water has learned in pursuing its Practicability Assessment of green infrastructure installation in its Rock Creek and Potomac CSO areas.
- Action: Receive briefing
- 11:30 A.M. 5. WRTC STREAM RESTORATION FOCUS (MM#5)**
Chair Papacosma and members
- COG's Bay Policy Committee is seeking WRTC input on how to respond to escalating debate in the region about the drivers, impacts, and benefits of stream restoration

projects. Mr. Papacosma will lead a discussion on what COG can do to address the concerns that have been raised.

Action: Establish a stream restoration workgroup to identify messaging and engagement strategies to improve dialogue and understanding with stakeholders about local governments' implementation of stream restoration practices.

11:45 A.M. 6. BAY PROGRAM DEVELOPMENTS (MM#6)

Karl Berger and Mukhtar Ibrahim, COG

Mr. Berger will discuss the draft Conowingo WIP recently issued by the Bay Program and Mr. Berger and Mr. Ibrahim will present an analysis of the importance of agricultural BMNPs to meet the 2025 Bay TMDL targets.

Action: Receive briefing

11:55 A.M. 7. MEMBER UPDATES (MM#7)

Members will be asked to share any relevant program updates or upcoming meetings of interest to the WRTC members.

Action Item: Receive briefing

12:00 P.M. 9. ADJORN

MM#1	November 6, 2020 WRTC Agenda
MM#2	Frederick County Inland Flooding Mitigation Efforts PPT
MM#3	WRTC Climate Resiliency / Flooding Work Program
MM#4	Evaluating the Green Infrastructure Aspects of DC Water's Clean Rivers Project PPT
MM#5a	Montgomery County Stormwater Partners Network stream restoration PPT
MM#5b	Stream Restoration references
MM#6a	Ag Loads PPT
MM#6b	Conowingo WIP update
MM#7a	CB and WR General Updates
MM#7b	Draft 2021 WRTC Schedule
