Review of Draft Updates to the Regional Activity Centers Maps Project

In approving the Regional Activity Centers and Clusters maps, the COG Board of Directors and TPB recommended that the maps be revised following the approval of each major new “round” of cooperative forecasts. During the February meeting, PDTAC members reviewed a proposed schedule for updating the Regional Activity Centers maps to reflect the Round 7 Cooperative Forecasts. PDTAC members unanimously agreed that the existing criteria for defining “Regional” centers be applied to the new Forecasts. During their April 12 meeting, PDTAC Chairman Graves briefed the COG Board on the final proposed scope of work for completing the Activity Centers and Clusters update this year. PDTAC members tasked the Cooperative Forecasting Subcommittee with completing the updates using the Round 7.0 Cooperative Forecasts. PDTAC members and their Cooperative Forecasting Subcommittee representatives will brief the Committee on their proposed Regional Activity Centers.
