Location of the Hotspots within the 6th District

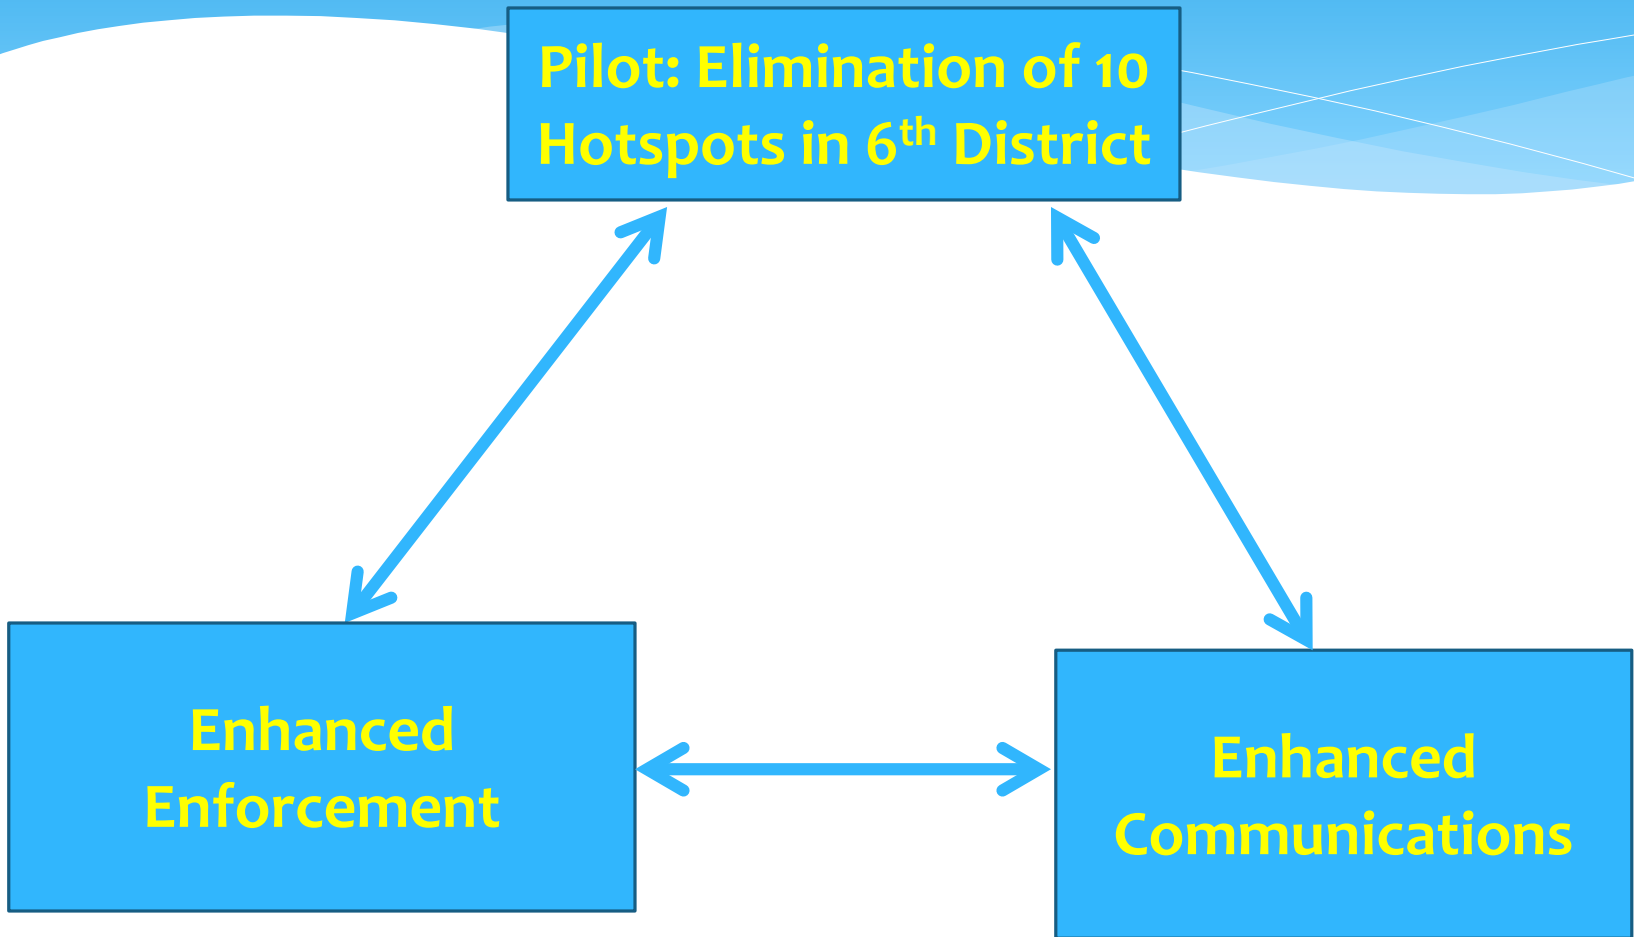

Three Main Components

Pilot: Elimination of 10 Hotspots in 6th District

Enhanced Enforcement

Enhanced Communications

Eliminating the 10 Hotspots & Enhancing Enforcement

1. DOEE will work with partners to cleanup all 10 sites
2. Enforcement cameras placed at all 10 sites
3. MPD and DPW will follow-up any illegal dumping with enforcement action. DOEE, MPD and DPW will communicate concerning the investigation of dumping.

Camera

Enhanced Communications

1. DOEE will develop new signs for placement at all 10 sites
- Signs will emphasize that illegal dumping carries potential criminal charges.
2. DOEE will work with DPW and MPD to communicate successfully prosecuted cases using press releases and social media.
3. DOEE, DPW, MPD and other agencies will work to communicate the implementation of this program to communities in the 6th District. The locations of the “hotspots” will be provided to interested community members. The locations will not be provided to the general public.

Recent Outcomes

- ❖ Over 10,000 lbs of material removed from all 10 sites
- ❖ Nine enforcement actions have taken place at the hotspots. MPD 6th District has undertaken 30 enforcement actions so far this year throughout its jurisdiction.
