

Briefing on the Update to the Round 8.0 Cooperative Forecasts – Round 8.1

Planning Directors Technical Advisory Committee

Gregory Goodwin
COG Staff

October 21, 2011

The Round 8.1 Cooperative Forecasts . . .

- . . . establish new base year (2010) by integrating Census 2010 results and incorporating new employment data (InfoUSA/State ES-202) .
- . . . opportunity for jurisdictions to incorporate changes in land use such as the Tysons Corner Plan and BRAC such as the Mark Center and the St. Elizabeth's Campus.
- . . . “synching” land use with the Financially Constrained Long-Range Transportation Plan.
- . . . planned to be used in upcoming Air Quality Conformity Analysis through the 2040 forecast period.

Schedule

May 2011 through October 2011

- Review Census 2010 data – Summary File 1 – June – August 2011
- Provided InfoUSA employment data to local jurisdictions (September 2011).
- Provided Census 2010 Census Block to TAZ 3722 crosswalk table to local jurisdictions – Webinar Scheduled for October 27, 2011
- Develop preliminary local jurisdictional forecast (Control Totals) by December 1, 2011.
- Reconcile preliminary local jurisdictional totals with Round 8.0 Econometric Model and review by PDTAC (December 2011).
- Final local jurisdictional forecast (TAZ level) to COG staff (February 2012).

Questions . . .
