

# Arlington County, VA Vision Zero Equity Analysis

Vision Zero Network Webinar: Equity By Design  
*Developing a Framework for Inclusive Vision Zero Planning*

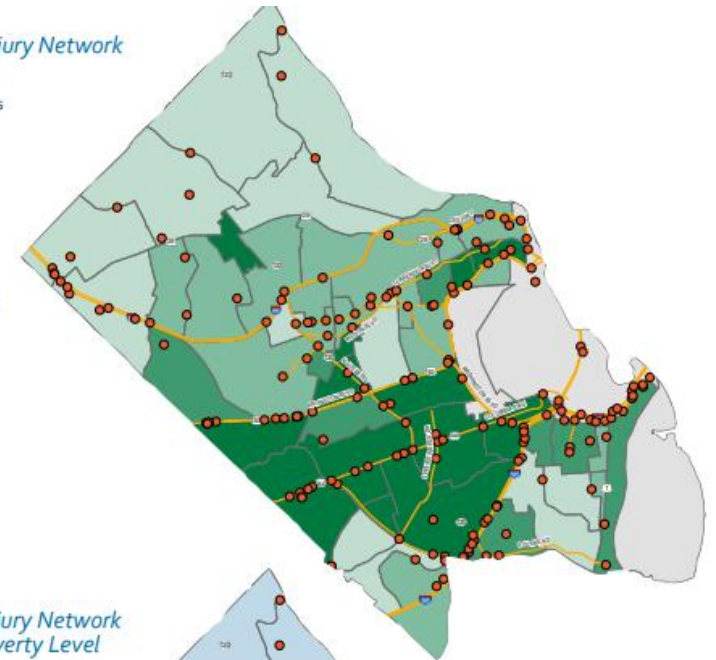

January 31, 2024

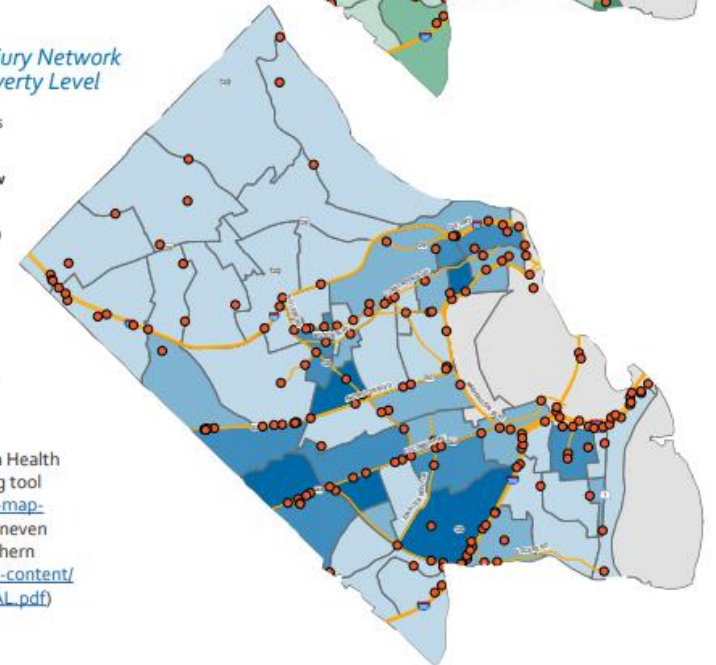

# GENESIS OF EQUITY ANALYSIS

- One of the six goals of Arlington’s [Vision Zero](#) program: To prioritize transportation safety investments equitably.
- While developing the Vision Zero Action Plan, we compared equity indicators to crash data to determine if/how imbalances in social opportunity relate to transportation safety. Findings showed a rough relationship between crashes and each racial diversity and lower income block groups.
- To learn more, the [Action Plan](#) prescribed **Action Item A4: Equity Analysis, to identify the inequitable impacts of transportation on safety in Arlington communities** and integrate this work in furtherance of the [County’s Equity Resolution](#).

*Arlington County High-Injury Network & Diversity Index*

*Arlington County High-Injury Network & Percent at or Below Poverty Level*

Data Sources: Northern Virginia Health Foundation interactive mapping tool ([novahealthfdn.org/interactive-map-opportunity/](http://novahealthfdn.org/interactive-map-opportunity/)) and report, The Uneven Opportunity Landscape in Northern Virginia ([novahealthfdn.org/wp-content/uploads/NVHF-Issue-Brief-FINAL.pdf](http://novahealthfdn.org/wp-content/uploads/NVHF-Issue-Brief-FINAL.pdf))

# PROGRESSION OF THE ANALYSIS

GIS Analysis	Steering Team	Additional Focuses	Consultant Support	Report & Findings	Implementation & Tracking
<p>Analysts worked with crash and equity layers to understand transportation safety equity challenges.</p> <p>We realized we needed to look outside the world of transportation.</p>	<p>Representatives from across the County helped to define equity indicators and scope of the analysis.</p> <p>We expanded the scope and established a multidisciplinary group to support analysis and findings.</p>	<p>Analysts applied data on systemic safety risks, hospital/injury data, community requests, and driver origins.</p> <p>We looked at safety using an equity lens: Who benefits? Who is burdened? Who is missing? How do we know? What do we do?</p>	<p>A third-party quality checked our work and packaged it into a digestible report and actions.</p> <p>We supported the analysis with a national literature review to identify potential root causes and successful ways to mitigate inequities.</p>	<p>The steering team, analysts, and consultant worked together to finalize a report and path forward.</p> <p>We published these findings as a resource for County staff, the public, and the County Board as a backbone for equitable decision-making and project programming.</p>	<p>Arlington's Division of Transportation is implementing the actions and learning as we go.</p> <p>We are tracking and measuring progress that will be reported through the Annual Vision Zero reporting cycle. We are supporting the incorporation of findings into other disciplines.</p>

ARLINGTON COUNTY EQUITY LENS

# ANALYSIS: EQUITY AREAS & OTHER DATA COMPONENTS

## Data:

- Equity Emphasis Areas
- Crash Data
- Driver Origins
- Systemic Risks
- Community Requests
- Hospital Data

Identified through Arlington Transit’s Title VI Requirements for FTA.

Included Census Block Groups:

- With a Black, Indigenous, or people of color (BIPOC) population of 38.5%+
- Where 50%\*+ households have a median income of \$50,000 or less

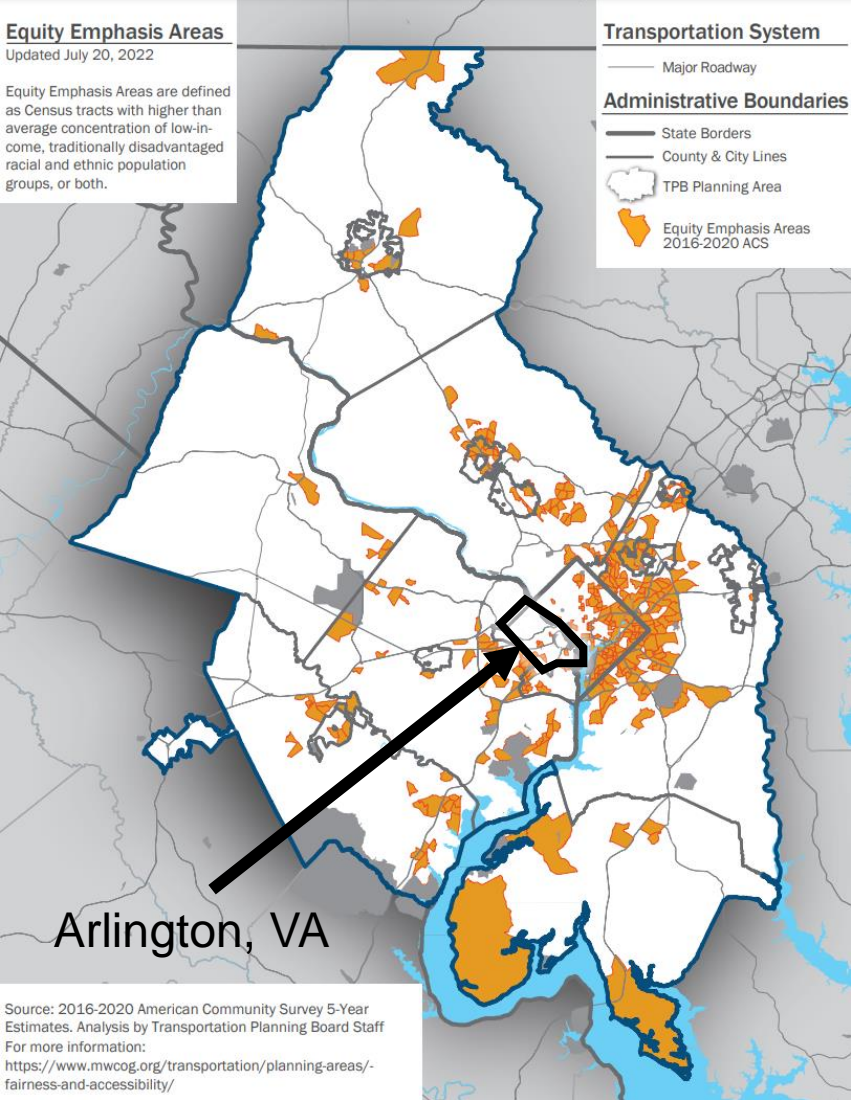

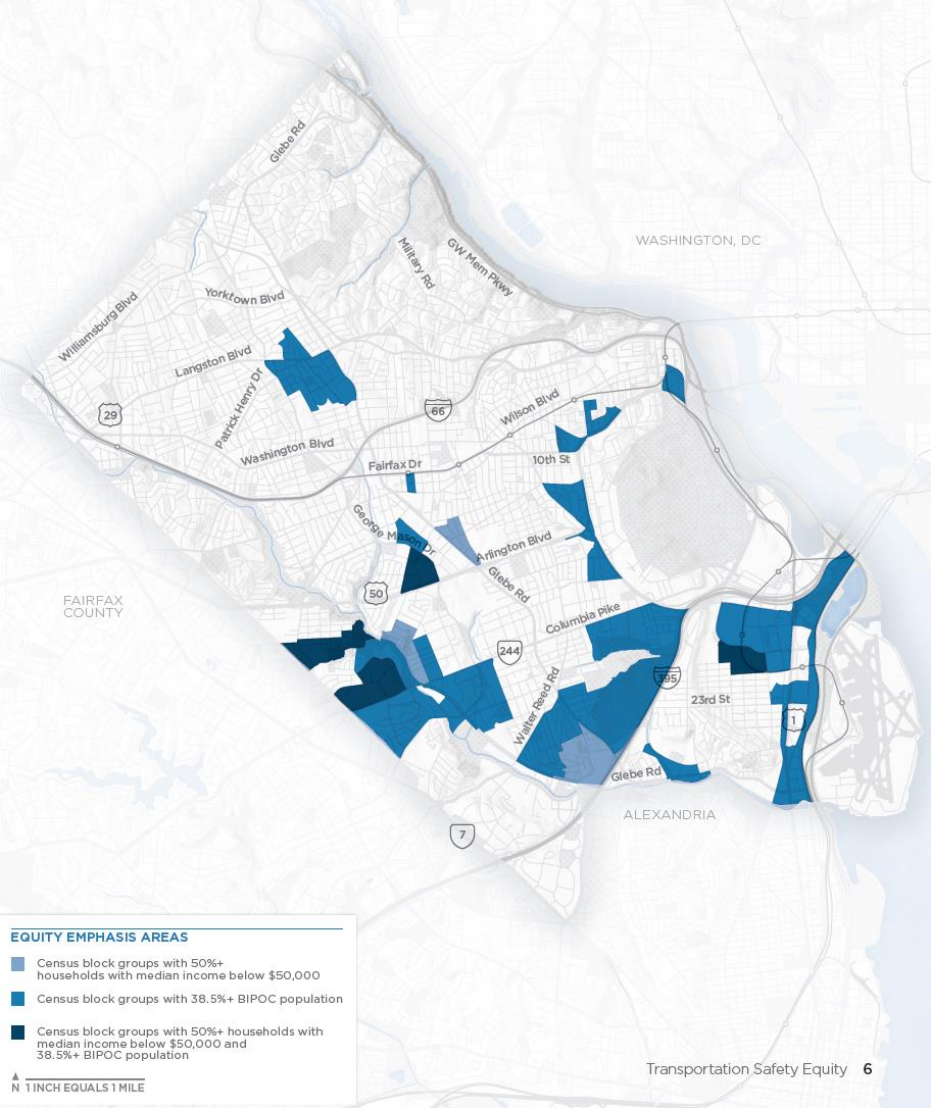

*\*We refined the income threshold from 17.5% to 50% of households with a median income of \$50,000 or less to effectively prioritize neighborhoods with lower incomes.*

# ANALYSIS: EQUITY AREAS & OTHER DATA COMPONENTS

## Data:

- Equity Emphasis Areas
- Crash Data
- Driver Origins
- Systemic Risks
- Community Requests
- Hospital Data

*We did not use our MPO's equity emphasis areas because the thresholds for Arlington relative to the region did not provide adequate coverage.*

# ANALYSIS: EQUITY AREAS & OTHER DATA COMPONENTS

## Data:

- Equity Emphasis Areas
- Crash Data
- Driver Origins
- Systemic Risks
- Community Requests
- Hospital Data

### Systemic safety

We analyzed the intersection of crash factors with socioeconomic, roadway, and built environment variables to identify crash patterns and at-risk locations in Equity Emphasis Areas.

### Crash origins

We assessed the origin ZIP Codes of people involved in Arlington crashes to determine how local and regional trips impact crashes. We explored data at the ZIP Code level as this is how it is reported in police crash data.

What we studied

### Community reporting

We examined locations of community-reported safety concerns and engagement to determine if Equity Emphasis Areas had proportional representation in comparison to the County.

### Hospital data

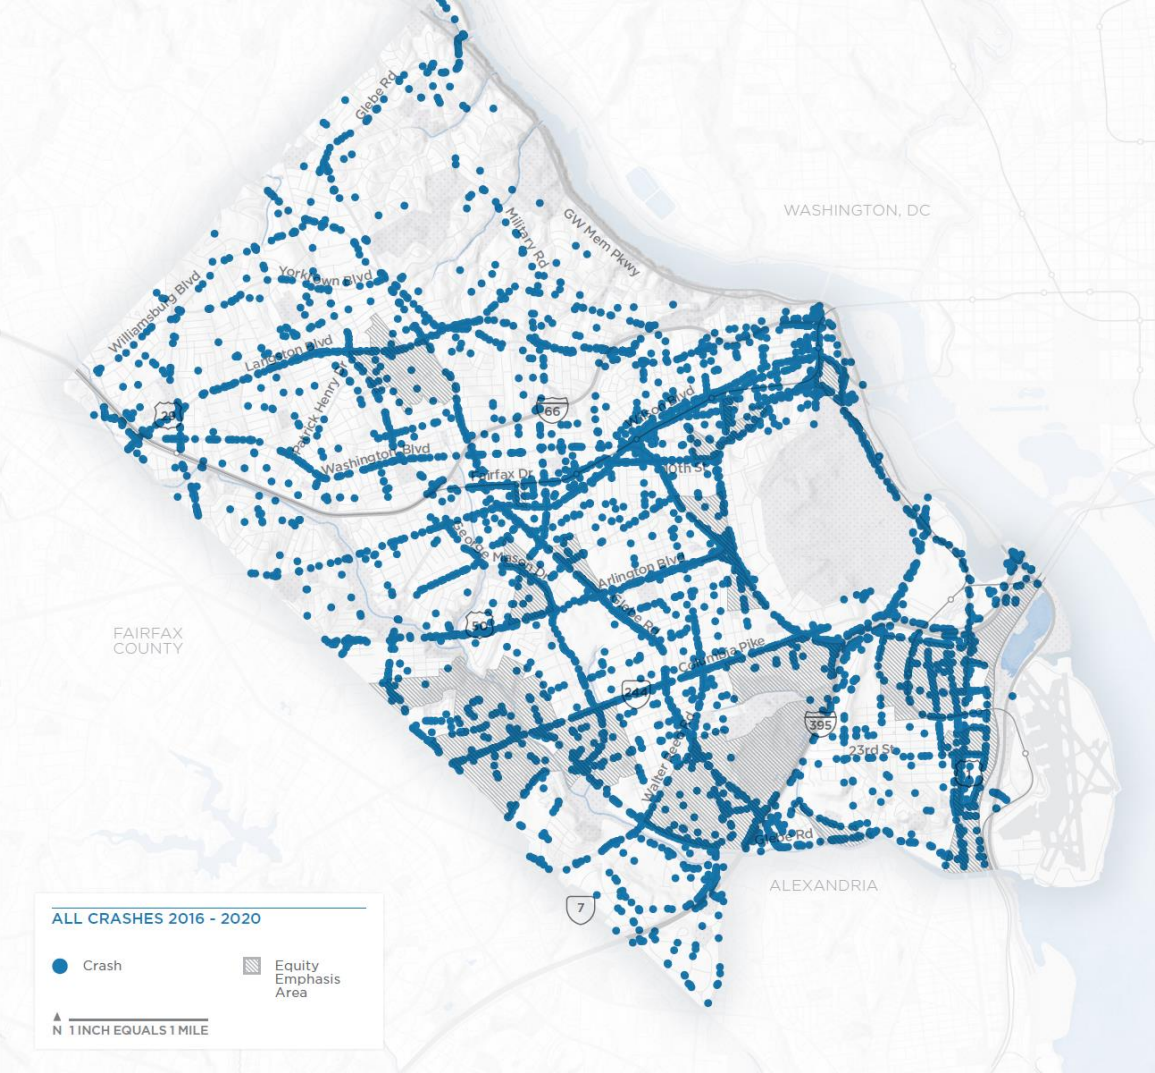

We analyzed transportation-related injury records by demographic characteristics to assess imbalances in crash hospitalizations by race in comparison to countywide Census data.

# FINDINGS: CRASHES

## Crashes occur twice as often in Equity Emphasis Areas.

CRASH LOCATION	CRASHES	SQUARE MILES	CRASHES PER SQUARE MILE
ENTIRE COUNTY	8,577	26.1	<b>329</b>
LOWER-INCOME AREA	458	0.75	<b>611</b>
HIGHER-BIPOC AREA	2,003	3.0	<b>668</b>

## FINDINGS: SYSTEMIC SAFETY

# The top ten crash patterns in Equity Emphasis Areas more often involve pedestrians, left turn conflicts, and specific land uses like schools.

NUMBER	CRASH PATTERNS OCCURRING WITHIN EQUITY EMPHASIS AREAS	TOTAL CRASHES	FATAL/SEVERE CRASHES	FATAL/SEVERE AS PERCENT OF TOTAL
1	Pedestrian-involved crashes within one quarter-mile of a community facility	68	12	18%
2	Pedestrian-involved crashes with motor vehicle proceeding straight in low-vehicle ownership areas	30	5	17%
3	Pedestrian-involved crashes within residential areas	43	5	12%
4	Senior-involved (60+) crashes within 50 feet of a bus stop or Metrorail station entrance	40	4	10%
5	Pedestrian-involved crashes with motor vehicle turning left in low-vehicle ownership areas	26	2	8%
6	Left-turn in commercial areas	60	4	7%
7	Under-19-involved crashes in residential areas	30	2	7%
8	Alcohol-involved crashes within one quarter-mile of a school	30	2	7%
9	Alcohol-involved crashes in residential areas	76	4	5%
10	Left-turns within one quarter-mile of a school	57	3	5%

# FINDINGS: DRIVER ORIGIN

## Crashes and Equity Emphasis Areas are concentrated in ZIP Code 22204.

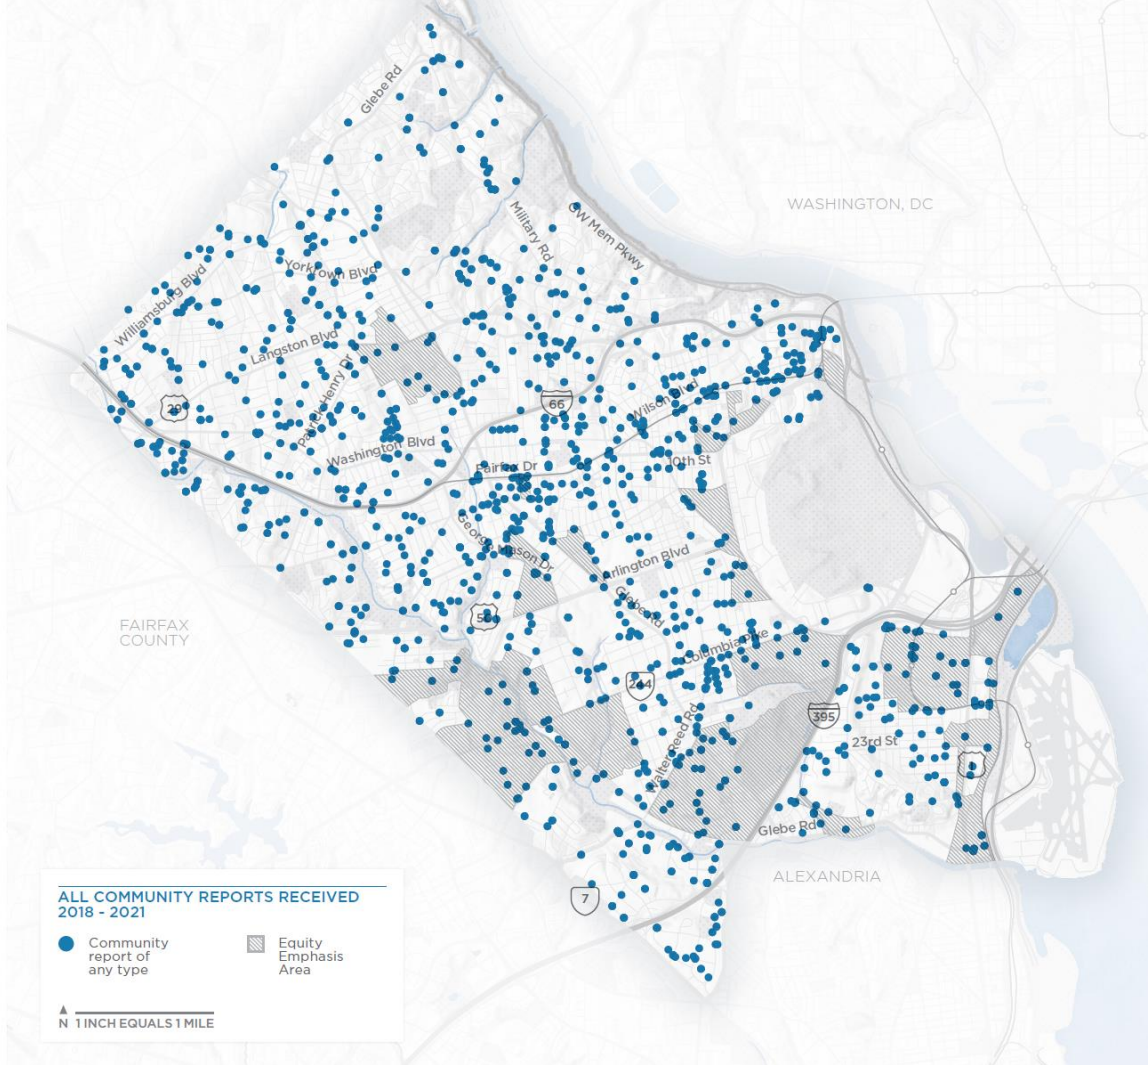

ZIP Code 22204 stands out with nearly a quarter of the County’s crashes and almost half of the County’s Equity Emphasis Areas. It tops the chart with other metrics, except jobs.

22201	22%	26%	25%	13%	24%	49%
22202	17%	22%	17%	6%	23%	19%
22203	14%	15%	12%	6%	23%	9%
<b>22204</b>	11%	15%	11%	4%	18%	9%
22205	11%	5%	11%	3%	17%	7%
22206	9%	<b>4%</b>	7%	3%	11%	5%
22207	7%	4%	6%	3%	10%	2%
22209	6%	3%	8%	2%	8%	0%
22213	2%	1%	2%	1%	2%	0%
ZIP CODE	POPULATION	JOBS	CRASHES	PEOPLE IN CRASHES	TRAVEL	EQUITY
	Percent of Arlington County population living in ZIP Code	Percent of Arlington County jobs in ZIP Code	Percent of Arlington County crashes in ZIP Code	Percent of people involved in Arlington County crashes living in ZIP Code	Percent of daily trips to/from ZIP Code	Percent of Arlington County Equity Emphasis Area block groups in ZIP Code

# FINDINGS: COMMUNITY REPORTS

## Community requests are underrepresented in Equity Emphasis Areas.

Most community requests came from densely populated areas, which corresponds with community requests per capita. Still, Equity Emphasis Areas are underrepresented.

# FINDINGS: HOSPITAL DATA

## People who identify as Black or African American are overrepresented in vehicle crash hospitalizations at the Virginia Hospital Center.

## FINDINGS: SUMMARY

This analysis confirmed that there are neighborhoods in Arlington County that have been...

**historically  
overrepresented  
in crash data**

and

**underrepresented  
in responses to  
transportation-related  
safety requests.**

# We developed ten Equity Action Items to rectify transportation inequities.

The recommendations create a path for Arlington to:

### **Act proactively**

---

Be proactive in addressing infrastructure needs with an equity lens.

### **Prioritize safety**

---

Create a platform to prioritize safety projects in underserved neighborhoods.

### **Encourage participation**

---

Ensure that reporting channels are clear and accessible to all community members.

# RECOMMENDATIONS

## By tracking progress, we commit to reduce and rectify disproportionalities over time.

ACTION ITEM	TIMELINE	TRACKING METRICS
Reassess proportionalities of crashes in Equity Emphasis Areas versus not	2023 - 2025	Reassess hospitalization metrics
Update and quality check Equity Emphasis Areas as new data becomes available	Coordinate with Arlington Transit FTA Title VI updates	Periodic check-ins with Arlington Transit on updates to Title VI area definition, which are used as a basis for the Equity Emphasis Areas
Prioritize safety analysis and safety improvement projects in Equity Emphasis Areas	2023 - 2025	Percentage of projects completed in Equity Emphasis Areas; percentage of community requests for projects in Equity Emphasis Areas
Improve safety at intersections within Equity Emphasis Areas	2023 - 2025	Percentage of projects completed in Equity Emphasis Areas; percentage of community requests for projects in Equity Emphasis Areas
Deploy engineering tools to reduce driver speeds in Equity Emphasis Areas	2023 - 2025	Percentage of projects completed in Equity Emphasis Areas; reduction in driver speeds in Equity Emphasis Areas
Enhance pedestrian infrastructure within Equity Emphasis Areas	2023 - 2025	Percentage of projects completed in Equity Emphasis Areas; percentage of community requests for projects in Equity Emphasis Areas
Host public safety campaign and build relationships in Equity Emphasis Areas	2023 - 2025	Estimated reach of campaigns in Equity Emphasis Areas; reduction in serious or fatal crashes in Equity Emphasis Areas
Evaluate safety improvements on corridors in Equity Emphasis Areas	2023	Reduction in speeds and serious or fatal crashes as determined through before/after study
Promote consistent safety messaging, infrastructure, and policies with regional partners	2023 - 2025	Regular check-ins with regional Vision Zero partners
Focus traffic safety and Vision Zero outreach in Equity Emphasis Areas	2023 - 2025	Percentage of outreach events held in Equity Emphasis Areas
Apply an Equitable Engagement Checklist to Vision Zero and other transportation outreach	Ongoing	Increase in engagement with historically underrepresented groups

# TRACKING PROGRESS

---

We defined tracking metrics for each action item to continuously assess our progress toward reducing disproportionalities in safety.

We will report our progress toward these actions and use outcomes to inform the Arlington County Vision Action Plan update in 2025.

## TRACKING METRICS

- Percentage within Equity Emphasis Areas of:
  - Completed Projects
  - Community Requests (e.g. Report a Problem)
  - Outreach Events
- Reductions within Equity Emphasis Areas in:
  - Serious or fatal crashes
  - Vehicle speeds
- Estimated reach of campaigns in Equity Emphasis Areas
- Increase in engagement by historically underrepresented groups

# POST-ANALYSIS ACTION

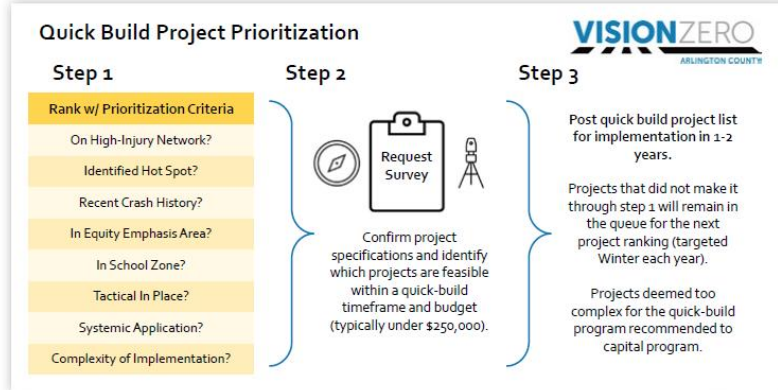

Quarterly pop-up events in Equity Emphasis Areas

**Recursos de sillas de seguridad para carro**  
Para habitantes de Arlington

**VISION ZERO**  
ARLINGTON COUNTY

¿Por qué usar una silla de seguridad?

Los accidentes automovilísticos son la principal causa de muerte en niños entre 1 y 13 años. Por eso es tan importante escoger y usar la silla de seguridad para carro adecuada de la forma correcta.

Escanee el código para conocer más.  
[nhtsa.gov/equipment/car-seats-and-boosters-seats](https://nhtsa.gov/equipment/car-seats-and-boosters-seats)

¿Necesita una silla de seguridad gratuita?

Si usted no puede pagar por una silla de coche, quizás pueda recibir una silla de seguridad o un elevador gratuitos. Usted será elegible si:

- es padre, representante legal o padre adoptivo;
- recibe Medicaid, WIC, TANF o cumple con el criterio de bajos ingresos;
- tiene un hijo(a) que pesa al menos 5 libras o tiene más de 19 pulgadas de altura (para las sillas para bebés) o un hijo(a) de 7 años o menor; y
- asiste a una clase sobre instalación y uso de la silla para carro, disponibles en inglés y español.

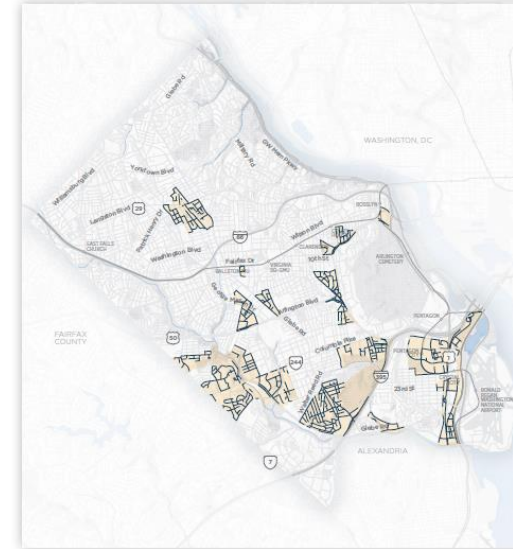

Llame para reservar su lugar en la clase:  
703-228-1200

¿Tiene una silla de coche? ¡Llévela a revisar!

El Departamento de Policía de Arlington puede asegurarse de que su silla esté ajustada adecuadamente.

Escanee el código para agendar una cita.

Systemic risk inventory in Equity Emphasis Areas

# LESSONS LEARNED

---

## Collaborate

Involve people from different disciplines and perspectives to ensure you understand the full picture and address blind spots.

## Get Curious

Be open. Ask questions. Do research. Listen to feedback. Engage in challenging conversations. Stick with it.

## OPERATIONALIZE!!!!

Create processes that bake in equity needs so that no one needs to actively champion equity in tasks or decision-making.
